PLACED AT THE LOTUS FEET WITH HUMBLE PARNAM

*** Based on its activities from 01-4-2021 to 31-03-2022**

Our Sai Page

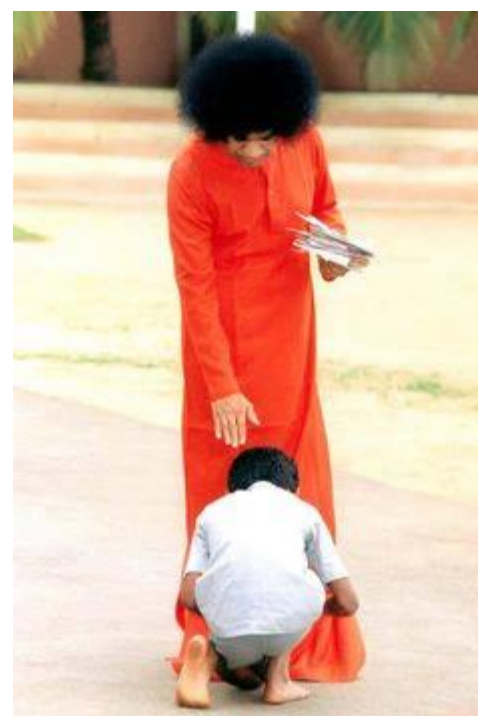

“Do not judge others to decide whether they deserve your service. Find out whether they are distressed – that is sufficient credential. Do not examine how they behave towards others either, for they can certainly be transformed by love. Service should be for you a sacred vow, a *Sadhana*, a spiritual path. It is the very breath; it can end only when breath takes leave of you.” -Baba

Aum Sri Sai Ram

Sai Message for all of us through a devotee

You donot dictate to the sun
 where it should rise
 And where it should set...
 You donot dictate to the rain
 where it should pour
 And where it should not
 You cannot dictate to the tree
 Where the fruit shall grow
 Where it should remain barren
 You cannot dictate
 Your ways with nature
 You humbly accept
 Whatever it gives...wherever
 However,...
 You have realised
 That those phenomena are fully in My hands
 Then why donot you realise
 That you too are part of this nature
 You too are fully and completely
 In My hands....
 And I shall give you
 Faith that is harder than rock
 Wisdom that is brighter than the sun
 And love that is sweeter
 Than any nectar...
 I will give...
 I will give...
 I will give...
 I am here to give
 Only you must be ready
 To accept without any denial -

Certificate of Authenticity

It is certified that the facts and figures given in this 32nd Annual Report of Sri Sathya Sai Gramin Jagriti are genuine and nothing has been overplayed or concealed therein.

The balance-sheet, statement of receipts & expenditures and the audit report for the financial year 2021-22, appended at the end of this report, are authentic and are duly certified by Chartered Accountant, Shri Ravinder Agarwal (088390).

OUR RESOURCES:

Blessings, Grace and Love of
BHAGAWAN SRI SATHYA SAI BABA

WE HAVE A VISION:

To spread the eternal Baba's message of - "Love all serve all", in a run up to realisation of "Brotherhood of Mankind and fatherhood of God" in the society in order to eradicate the hatred and intolerance towards each other.

FIELD OF WORK:

An integrated rural based project, providing basic needs of the society in the fields of Education, Health and Vocational Training.

FOREWORDS

Shirdi Sai arrival in the campus of Sai Jagriti

The other day, Lord Shirdi Sai decided to establish Himself in an altar in Sai Jagriti Campus. A beautiful idol was donated by local “*Agarwal Mandir sudhar sabha*”. It was brought after performing all the rituals of relocating the idol. An altar has been constructed to install this idol of Shirdi Sai.

Double delight from our Swami:

Recently, Sai Jagriti received two wonderful Sai gifts, namely; 1) Sri Sathya Sai Generic drugs distribution point and 2) An upgraded diagnostic lab.

The non-adopted patients were reporting that while consultation is free and basic investigations of radiography and lab tests are very affordable as compared to the market, but the prescribed medicines are very costly. Our Swami inspired us to open a generic medicine store on 24th April 2022.

Similarly, Swami inspired us to upgrade our diagnostic lab in the health wing. Round Table India (an NGO) came forward to donate the state-of-the-art equipment for this lab which was commissioned on 11th July, 2022.

Aftermath of Covid:

The Covid epidemic had a severe blow to the education of rural children. In a systematic assessment by a senior educationist, it has been estimated that the students' academic age is 2 years less than the classes they are currently studying. Other tell-tale signs of the effects of “covid online system” of

education delivery are i) The misuse of smart phones by students. ii) gain in weight/ laziness and iii) gross indiscipline.

Another football champion girl After two champion girls in previous year namely; Komal and Simran who represented Haryana state in All India Girls (U-17) football tournament, Sri Sathya Sai Jagriti Vidya Mandir produced another national level player. Km. Priti of 10th class, participated in (U-17) National Girl's Football championship held in Asaam in June 2022.

1. Introduction and brief history

Sri Sathya Sai Gramin Jagriti Sewa Sadan is a multi-dimensional rural based service (*sewa*) project gifted by Bhagawan Sri Sathya Sai Baba to the northern part of rural India with the dual purpose of self-evolution of the volunteers (*sewa* workers) through selfless service and empowerment of the beneficiaries through the various services of this project. It bears the name of Bhagawan Baba, because it follows the lofty Sai principle of “selfless service” with “love” as a mode of liberation. The project came into existence with a typical stamp of Swami’s *leela* which is no less than a miracle in itself.

It was in 1990 when Lord Sai blessed one of His outgoing MBA students of Sri Sathya Sai Institute of Higher Learning and inspired him to work in setting up of a multi-dimensional rural empowerment programme. The “*sewa*” work in this project was started on 13th April, 1993. Since then, **Swami** has been guiding, inspiring and protecting us at every step. Important physical milestones in the history of this project are as follow:

Important milestones: *Bhoomi Puja* of the land, gifted by the then Gram Panchayat of village Darwa (Yamuna Nagar, Haryana), was performed on 13th April, 1992. Foundation of the hospital building was laid on 27th September, 1992. The *sewa* work in the project was started in the form of a **dispensary** on 13th April, 1993. Next year in September 1994, *Masala* (spices) production centre was commissioned with a view to provide vocation to economically weaker section of the rural women.

Sri Sathya Sai Jagriti Vidya Mandir was inaugurated on Swami’s 71st Birthday (23rd November, 1996) by a long time Sai devotee -Mr Justice R.Sridharan, the then Chief Justice of Punjab & Haryana High Courts.

The “Parshotam Loomba block” of 6 bigger rooms in a 3-storey format, specially designed for housing meditation room, conference hall, library, science laboratory and a computer laboratory, was completed in 2009.

In February 2009, “Clean water” project, sponsored by Rotary International to meet the supply of safe drinking water to the whole campus, was commissioned.

The major boost to the working of the Project in general and Sri Sathya Sai Vidya Mandir in particular, was received on 19th June 2010 when **Sri Sathya Sai Vidya Vahini** was gifted to school by Bhagawan. This has brought in the cutting edge of latest technology in secular (text book) and value-oriented education for the holistic development of the students’ personality.

“Sai Kitchen” was commissioned in September 2012 to supply freshly prepared, tasty and nourishing vegetable curry every day to all the students free of cost.

On Baba’s 88th birthday (23rd November, 2013), a multi-purpose assembly hall (**Sai Balraj Gupta Hall**) was inaugurated by Mr Justice K.C Puri, Hon’ble Judge of Punjab & Haryana High Courts, Chandigarh.

With Sai’s loving grace, the school has been affiliated to the National Council of Sri Sathya Sai Schools in 2013. **Thank you, Swami!**

In April 2015, the sports ground of the school was developed fully into a stadium for training and organising the games of foot-ball, hockey, Cricket, volley ball and track events. A state of the art, Basketball court was commissioned in March 2016.

In 2017, the extension of the Balraj Gupta Assembly Hall and addition of a balcony was undertaken to accommodate the ever-increasing audience, attending Baba’s birthday and school Annual Day programme.

In April 2018, a 10KW “on-grid” **solar power plant** was installed on the roof top of the school. The plant is generating more power than the requirement of the Sadan.

The evolution of the “Vut Vriksha” sapling received from Puttaparthi seems to be in tandem with the growth of the project.

On 13th April 2020, a new facility of Patients’ waiting area cum canteen was inaugurated

2. The Society

2.1 Membership:

The society is registered with the Registrar of Societies & Firms, U.T-Chandigarh in 1990. There is **no membership fee**, only contribution of “*Pure Love*” is required for Life time Membership of the society. As on this day, there are 48 members on the rolls of the society. None of the members or their relatives is gainfully employed in the project. The services of the members are purely selfless in nature and no remuneration/perk in any form is ever paid to any of the members. Full list of members/Governing body members is given on pages 55-59 (annexure IV). The Deputy Commissioner of Yamuna Nagar and Director Urban Local Bodies Haryana are the permanent nominees of the Govt. of Haryana in the Governing Body of the society.

2.2 Funding:

The society receives unsolicited donations in its scheduled Bank accounts and no donation box has been kept to receive loose cash donations. The payments of all purchases etc. are made on regular bills. The salaries of the teachers and other staff members are credited to their bank accounts directly. At the end of the financial year, the accounts are audited by a chartered accountant. The balance sheets; receipts & expenditures statements and audit report (please see Annexure V, page 60 onwards) are prepared and presented in the Annual General Body meeting for its approval. An analysis of the data of this balance sheet and comparison with last two years is, however, presented in chapter 9 of this report (page 44-47).

3. The Project

3.1 Theme of the Project is reset: The theme of the project was initially conceived to be “*Manav Sewa is Madhav Sewa*”. But this theme has since been reset by Bhagawan Sri Sathya Sai Baba on 02-01-2011 during the last interview, graciously granted to the management committee members, when Swami emphatically told them, “**If you love me, love my words**”.

3.2 Location of the Project: The project centre is situated on the bank of Yamuna canal, 7.5 kms from Yamuna Nagar on old Saharanpur (*Jhhota*) road at village Darwa in Tehsil Jagadhri of Yamuna Nagar district (Haryana) Pin 135101. The village Darwa has now been included in Yamuna Nagar Corporation, but the project work continues to serve the rural neighbourhoods.

3.3 The Beneficiaries:

The project has two types of beneficiaries:

Adopted: Three villages are adopted for *sewa* activities:

1. Darwa with population:	1095
2. Darwa Majri with the population:	1162
3. Parwalon with the population:	<u>1693</u>
Total adopted Population:	3950 (Families=520)

In an economical survey of the adopted families, it was observed that 12% families are having good regular income from the farms or regular employment, 36% families are living on income from daily wages or irregular employment and the rest 52% are living “below poverty line”.

All the services rendered by the *Sadan* are totally free to the population of these three adopted villages.

Non-adopted: Besides the adopted beneficiaries, unspecified number of patients from the surrounding and far off villages/cities of Haryana, Punjab, Uttar Pradesh, Himachal and Utranchal visit *Sadan* every day for free consultation. The poorest of the poor amongst the non-adopted patients are also provided free medicines and investigations. Subject to the availability of the seats, students from various non adopted surrounding villages are admitted to the school through a transparent open lottery system.

Quality (and not the quantity) is the hall mark of all the activities.

3.4 Components of the Project:

There are three wings of the *Sadan*:

1. Education Wing- Sri Sathya Sai Jagriti Vidya Mandir
2. Health wing
3. “Masalas” Production centre

These three wings derive their inspiration and energy from the fountain head of energy that is- “The Spiritual Activities”.

The satellite panoramic view of the project site

The circled area depicts the project site. Out of the total area of 7 acres of the land in possession, the school premises is in 4.17 acres (60%) and the remaining 2.83 acres (40%) has the Hospital and residential premises.

On the northern side of the campus, is Darwa dairy complex, on the southern side; there are farms and Yamuna Canal. The eastern side, the vacant land is reserved for the society to expand its project.

Geo -coordinates of the site:

Latitude: 30° 07' 45.40" N

Longitude: 77° 19' 33.23" E

4. Sri Sathya Sai Jagriti Vidya Mandir -a “Sri Sathya Sai Vidya Vahini”, “Sai School”

Highlights:

- Regular co-educational bi-lingual school from pre-nursery to 10th class, recognised by Govt. Of Haryana and affiliated to Board of School Education Haryana, providing a high quality, but totally free quality education to the rural students.
- Special emphasis on “Education in Human Values”-Sai Educare
- The introduction of the newer concept of “Experiential learning”
- Clean, safe and hygienic environment with provision of safe drinking water, separate toilets for boys & girls.
- Qualified & trained teachers with teacher/student ratio as 1:23. Specialist teachers in Science, Sanskrit, Music, Computer Science, Physical training and a Librarian. Regular in-service training for the teachers.
- Ten (10) e-class rooms: each having LCD projector/LED HD Smart TV, screen, green board and Wi-Fi /LAN internet connectivity for free access to the vast teaching material available on Sri Sathya Sai Vidya Vahini LMS Portal.
- Well-equipped science and computer labs. Facilities for LCD, slide and overhead projectors. A well-stocked School library.

- Well organised school annual calendar for sports, extra-curricular activities and community services.
- Regular health check-up with 100% free immunisation against Hepatitis B and MMR. Regular Vit D + Calcium supplement for all. Free supply of freshly prepared vegetable curry with rice in lunch from Sai Kitchen.
- Parental involvement (Parenting) in overall personality development of the children by regular Parent-Teacher Meetings.
- Post-schooling career counseling and financial/logistic support including gifting Laptops to meritorious students pursuing higher studies.

With loving grace of Bhagawan Sri Sathya Sai Baba, Sri Sathya Sai Jagriti Vidya Mandir has been declared as a “light House School” after a detailed audit by Sri Sathya Sai Vidya Vahini Foundation.

To explore this fountain head of gifted “knowledge”, the school is adopting the system of Sai Educare. Under this system, an equal and balanced importance is given to both “secular” (board syllabus education) and “EHV” (Education in Human Values). According to Sri Sathya Sai Baba, both of these components of child development are like the two wings of a flying bird, essential for him/her to fly in the mundane world.

Education is for Head, and Educare is for Heart!

-Sai Baba

Sri Sathya Sai Vidya Vahini programme and affiliation to Institute of Sathya Sai Education (Mumbai) are providing the technology and continuing training to the teachers, thus giving impetus of achieving the goal laid down in Sai philosophy of education- “Sai Educare”

With the Institute of Sathya Sai Education (Mumbai) taking over the school under its wings; the new concept of “Experiential Learning” has been introduced in the school. Sincere efforts are being made to develop the “Character” of the young ones by an integrated approach involving students, teachers and parents through medium of “LOVE”, balanced with “Law”.

Infrastructure: With Loving grace of Sri Sathya Sai Baba, the school management has been able to build a state-of-the-art infrastructure for the children to bloom into useful individuals. There are ten (10) e-class rooms of the senior classes, each having a LED projector, internet accessibility, dustless chalks and green boards. The school has an assembly hall, a well-equipped Computer lab, a composite science lab, a mathematics lab, a well-stocked library and a “Rainbow” room wherein projects models and charts prepared by the students in the past, are stored.

SOLAR POWER PLANT

An “On-grid” 10KW Solar Power plant has been installed on the roof top of the school for meeting the power demands of the Sadan and reduces the electricity bill. The plant can be remotely monitored on line.

SAI BALRAJ GUPTA ASSEMBLY HALL

With the grace of the Loving Lord, the multipurpose assembly hall construction is a boon to the infrastructure created in the school. Having LED projector, it serves to host all the school activities such as Baba’s birthday & Annual day celebrations, *bhajan* session and indoor games like badminton, table tennis etc.

The conference room, the computer lab and the Balraj Gupta Assembly Hall have also been provided with LED projectors. **Sports grounds** for football, hockey, athletics and Volley Ball already exist. **Basketball court** is an added asset in the school. The library has a stock of 4406 books (Reference books 1000, Academic: 1900, Story: 565, Spiritual: 730, General Knowledge: 50, Open Board: 34, Novels: 24, Moral Science: 15 and Magazine: 88). There is a qualified librarian who manages the working of the library.

All class rooms are connected with the Director's office through PA system. Security CCTV cameras have also been installed recently.

The student

During the academic year of 2021-22, the total strength of the school was 450 students, with 49% boys and 51% girls. Most of the students (84%) were from socio-economically backward classes. Although there is no caste-based discrimination of students in the school in any manner yet the detailed break up is given below to meet the information requirement of the Education department under RTE.

Category	SC		BC/OBC		General		Total		
Gender	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Total
Number	117	118	70	74	33	38	220	230	450
%age	52.3		32		15.7		48.9	51.1	

The primary classes follow the Haryana Board curriculum in English medium. But, in an effort to bring these rural students at level ground with urban children in competing for admission to professional courses, the medium of instructions for the subjects of Mathematics and Science of 1st to 10th classes have been changed to English. The medium of instruction for the subject of Social Studies is being gradually changed from Hindi to English. Sanskrit is, however, a compulsory subject for all the students.

The school computer laboratory has 16 computers for a class of 35 students. Use of computer technology under the aegis of Sri Sathya Sai Vidya Vahini has not only made the subjects interesting and comprehensive for the students, but it is also inculcating the "moral values" in them.

The importance of moral education is the basic principle of the Sai Education philosophy. *Bhajan* singing and *Vedas* recitation are the regular features of the Morning Assembly.

AUM SRI SAI RAM

SRI SATHYA SAI JAGRITI VIDYA MANDIR

(The Infrastructure)

Connection to the modern world:

The fully Air-conditioned Computer Lab is equipped with 16 computers wherein the students learn how to make the presentations (ppt's), prepare Excel sheet, write in MS Word and also search material for their different subjects. A qualified teacher has been employed to guide & help them. The whole school building is Wi Fi enabled for Broadband internet accesses.

The library is a garden of silence for the students to comprehend and expand their knowledge by reading books of various subjects. The school library is very spacious and well lit. It has a stock of 4406 books.

The SSSVV e-class rooms:

All the classes have been fitted with either LED projector or HD smart LED TV, each class room also has a green board. Children are taught the subjects using updated educational videos and lessons down loaded from Sri Sathya Sai Vidya Vahini LMS portal.

4.1 Academics

The **Teacher /student ratio was healthy at 1:23** with 19 qualified and experienced teachers for 450 students. Academic year 2021-22 was partly affected by Covid 19 Pandemic and the school remain closed with few physical classes allowed by Govt of Haryana. The working days offline/online are

tabulated below Emphasis is on regular attendance of the students in the school.

To encourage healthy competition among the students, **Balraj Gupta Medal** is awarded to the best outgoing student of the school every year. It carries a cash award of `11000, a merit certificate and a "Medal". Based on well-developed protocol of

selection, Miss Sujata daughter of Smt Sunita and Shri Sanjay Kumar from Darwa was awarded this coveted prize this year.

The average attendance of various classes is given below:

1. Average attendance of students in Offline and virtual classes.

Class	Offline	Online
Pre-Primary	82.6%	78%
I - II	94.6%	85%
III - V	93.9%	81.2%
VI – VIII	59.5%	88.2%
IX- X	94 %	86%

2. No. of teaching days offline and online

Class	Offline	Online (WhatsApp)	Total Days
I-II	109 days	141 days	250 days
III - V	102 days	148 days	250 days
VI - VIII	166 days	84 days	250 days
IX	180 days	70 days	250 days
X	195 days	70 days	265 days

Analysis of the Students left the school during the year

Class wise

Class	Pre school	Ist	2nd	7th	8 th	Total
Number of students left	11	2	1	4	2	20

Reason wise:

Reason	Admission to Govt school	Transportage problem	Health Problem	Not specified by parents	Total
No of studnets	09	02	02	07	20

The Annual Results:

The Annual examination Covid-19 hit results of 10th class conducted by the Haryana education board has been excellent for our school. The three-year results are tabulated below for viewing the progress made in academics:

Year	No. Of Students	Pass %age	Merit >75%	1 st Div. 60-75%	2 nd Div. <60%	Reappear
2019-20	27	100	19(70.4)	8(29.6)	0	0
2020-21*	28	28	28(100)	0	0	0
2021-22	20	20	12(60)	6(30)	2(10)	0

*The result is declared based on internal assessment only, no exam.

Subject wise result:

Year	Hindi	Eng.	Maths	S.St	Science & Techn.	Skt	Average %age
2019-20	75	76.44	76	65.96	81.7	76.85	77.58
2020-21*	91.6	91.6	91.4	95.5	94.61	95.36	94
2021-22	73.8	77.8	71.5	69.3	81.3	80.2	75.65

*No exam was held, result based on internal assessment only.

4.2 Co-curricular activities:

“Communicative skills and confidence building” have been identified as two areas of concern in the rural education. Regular classes of senior students in General Knowledge and Awareness are conducted on Sundays. In the field of personality development of the children, co-curricular activities play an important role. The school has a regular calendar of such activities.

A rare achievement: Sri Sathya Sai National Essay writing Competition was conducted at three levels.... Samithi level (12 Sep), District level (2nd Oct) and State level (17thOct). Sukanya of class 7th was chosen to participate at National level on 5th Nov. She was one of the six selected students from Haryana. The details of other activities and Baba’s birthday are given in Annexure II (P 51-53).

The Born Artists

The school has prepared and staged two quality dramas in the hallowed precincts of Prasanthi Nilayam:

A scene from "Sarva Dharam Saroop Sai" presented on
30-12-2011 (Prasanthi Nilayam)

The cast of the drama "Love All Serve All" praying to Bhagawan
(06-05-2013) at Prasanthi Nilayam

4.3 Alumni Meet

An Alumni meet was held on 13-11-2021 under the chairmanship of Director Smt. J.N.Bakshi. The Headmistress Mrs. Madhu Sharma and a few of the senior teachers were also present. The meeting was attended by 43 students of the batches 2017-18, 2018-19 and 2021-22. The session started with aunkaram and the prayer to Bhagwan Sri Sathya Sai Baba. The meeting was quite interactive. Most of the Alumni expressed themselves with great enthusiasm. Many ethical queries of the students were answered by the Director madam. She emphasised to follow and understand Brahmacharya and Dharma are the main pillars of success. Focused mind on your goal, follow the discipline and regulations strictly is your Dharma. They have been told inspiring stories so that they may get awareness of Ethical Values in life.

Very importantly, almost all of them spoke very high about SSSJVM and the loving and caring attitude of the teachers. The meeting was ended with the Shanti Path with the distribution of Prasadam (refreshment)

4.4 'Heritage' Club Activity:

INTACH Heritage Club Activities: - Due to pandemic – Covid – 19, there was only one activity conducted in the month of January 2022 for the students of 7th to 9th class under which the Poster making and Essay writing competitions were held in the school premises. The main theme was “**INDIA AT -75 HERITAGE IN OUR HANDS**” Participation certificates were given to the participants by the organizers. The News letters were also received from time to time to be given to the students for further activities along with the detailed cultural and heritage knowledge.

4.5 Visitors and their remarks:

Sr. No	Name	Date	Purpose of Visit	Remarks
1	Shashi Duggal Neelam (Bal Vikas Coordinator YNR)	30-10-2021	Prize Distribution for Essay writing competition	Very good in discipline and study.
2	Vijayta Pundir	06-12-2021	Regarding Twinning Programme	It was a wonderful experience for us. I feel a positive energy after coming here. A value-oriented education is provided here.

4.6 Sports:

The achievements of students in various sports disciplines over the year are tabulated below:

S.No	Name of the Sport/category	Name of the tournament	Place/ Date	Achievement
01	Yoga U-12	District Yoga Championship	Tejli Stadium from 17-08-2021 to 18-08-2021	Hitesh (1 st Position) Rohan (3 rd Position) Himani (1 st Wrestling)
02	Athletics U-14	Krida Bharti	Tejli / 29-08-2021	Himani (1 st 200 mt. race) Jiya (2 nd 200 mt. race) Mantisha (3 rd 100 mt. race) Anju (3 rd 200 mt.race) Himanshu (10 th 200 mt. race) Jasmeet (9 th 100 mt. race) Yaman (8 th 100 mt. race)
03	Wrestling U-17	Krida Bharati	Tejli 08-09-2021	Atul (2 nd) Tanish (2 nd)
04	Yoga U -17	Krida Bharati	Nehru Park 08-09-2021	Muskan (1 st)

11.	Yoga	Haryana State Championship	Nehru Stadium Gurugram 14-09-21	Hitesh Rohan

“HEALTHY MIND IN A HEALTHY BODY”

The school provides infrastructure for developing sporting talent of the children. The basketball court and an accomplished coach have proved to be boons to the students to learn this beautiful game of physical endurance and skill. A huge ground for the games of cricket, football, hockey and athletics is available for the children.

The training sessions on progress

Separate sessions for boys and girls

THE ACHIEVERS IN SPORTS FIELD

Himani is national level player in wrestling (U-15)

Simran and Priti are national level players who have played in U-17 National Women Football tournaments

4.7 Veda Chanting: Baba, who is the Veda Purusha, has educated us time and again on the supreme benefits of chanting Vedas. Every activity gets started with Vedic chants which leave the whole place charged with divine vibrations. In fact, “Veda Chanting” has become an integral part of His education system.

4.8 School Health Programme:

The health of each student is monitored by maintaining his/her health card. Besides regular medical/dental check-up and deworming of the school children twice in a year, all new admissions were immunised against Hepatitis B and MMR (Measles, Mumps and Rubella), thus achieving 100% immunisation in the school. The anaemic children are given oral iron on regular basis. Every student received Vitamin D and Calcium supplement on 95 days in the calendar year. The results of these health providing programmes are encouraging in terms of gain in height, alertness and mental ability of the students.

“**Sai Kitchen**” was commissioned in September 2012 for supplying freshly prepared, tasty and nourishing vegetable curry daily and with rice on alternate days, to all the students free of cost.

4.9 Extending help:

- Child adoption scheme: Any student who has either lost his/her father or whose mother has been deserted by her husband, was adopted under the “child adoption scheme” for the purpose of providing free books, uniform/shoes and board examination fees. This year, ten (10) such students had been adopted. Donors from U.K are adopting these children on regular basis.
- Providing books, shoes and vision correcting glasses on regular basis to all those students who cannot afford.
- Laptop computers: Till now, 14 (two this year) laptop computers have been gifted to deserving ex-students, pursuing professional careers.
- Career counselling: Data base of all the ex-students has been generated to keep a track of the progress made by alumni in their career. Regular meetings with these students are held. Such meetings provided the opportunity to counsel them on their problems encountered by them while pursuing higher studies and also to guide them for their future career. Logistic support is also given to these students in “online” filing of applications, seeking of results and guiding in admission process to various professional courses.
- Financial support was given to economically poor students to pursue their higher studies. Monika, Priyanka, Prerna and Shivani are receiving financial support for B.Sc (Nursing). Details are given on page 54.

“No More Boring Walls “

Under this project, teachers and children have been encouraged to paint the pictures on the walls showing IIEP (Insightful, Inspiring, Enjoyable, and Participative) principles. This activity brings out their creativity and devotional attitudes towards work. Above pictures have been taken from the corridors and entry gate passage of the school.

The Teacher

4.10 Teacher's training and their other activities:

There has been emphasis to impart in-service training to school teachers under the philosophy of Sai Educare. The teachers are sent for various workshops/conferences whenever conducted by Sri Sathya Sai Vidya Vahini at Puttaparty and Institute of Sri Sathya Sai Education in Mumbai on regular basis.

The details of the activities under Sri Sathya Sai Vidya Vahini programme and Institute of Sathya Sai Education (Mumbai) are given on page 50 (Annexure-I).

The other teacher's related activities are, however, highlighted below:

05-09-2021 Teacher's Day Celebrations

The Teacher's Day was celebrated by the students of X class. They were the pupil teachers of the day. Dr. Sarvapalli Radha Krishnan's idol was garlanded. The students put up a small show which included poems recitation, Speeches by the students and the teachers. Inspirational videos were shown to them to make them aware about the challenging task of the teachers while teaching through Online classes.

The students of X class very enthusiast and prepared their lessons well. After that they interacted with the teachers and gave their impressions of the day. Smt. Urmila Gupta, the leading force and Senior Member of the Management, gave away Sai Prasadam (sarees to the Lady teachers and Shirts to the male members of the teaching staff).

4.11 Parent-teacher meetings:

Parenting Session: After a long period of Lockdown due to Covid- 19, the Parenting Programme was conducted on 11/12/2021. Almost all the parents\guardians of the students attended the session. There was mixed reaction of Online classes. They were given examples of those parents who were quite sincere and cooperative during lockdown period. It was a successful session as the atmosphere was vibrant and the parents were happy and satisfied.

SCHOOL HEALTH PROGRAMME

“Sai Kitchen” was commissioned in September 2012 to provide freshly prepared nutritious and tasty vegetable rice curry, prepared under the most hygienic conditions, for all the students during their Tiffin time free of cost.

The impact of this activity, inspired by Sri Sathya Sai Baba, is positive on the health of the children. They are eating well with the availability of fresh and tasty vegetable curry with rice.

The other health caring programmes for the school include regular biannual medical/dental check-up, 100% immunization of all the students against Hepatitis B and MMR (Measles, Mumps and Rubella). The anaemic children are given oral iron on regular basis. The teachers are also covered for immunization against Hepatitis B and Iron + Calcium supplement

As mentioned in the beginning, the third factor in the child personality development is the importance of the role of Parents. The school, not being a residential one, is heavily dependent on the home environment of the students for their proper upbringing. But, the home environment in rural India exposes the children to all sorts of social evils like drinking, gambling, use of abusive language, quarrelling with neighbours, loud music etc. Hence, there lies a challenge for the teachers to counter these evil forces surrounding the delicate and sensitive minds of the children. The parents are informed about the various activities/ meetings/special instructions /school closures etc through bulk SMS service in Hindi.

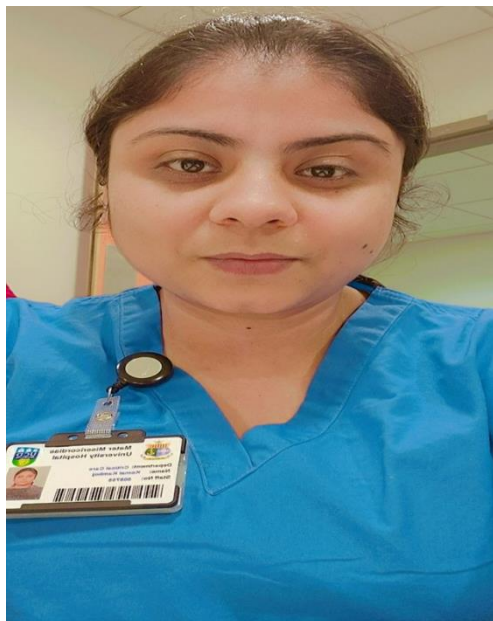

4.12 Scope for Improvement:

- In general, the students lack interest in their studies. They don't do "self-study" at home. There is a scope in improvement of their written and spoken languages. The children lack etiquettes and respect for elders which need to be looked into. The students require regular training in improving their personal hygiene.
- Now, since the students have started getting admissions to professional colleges, they feel handicapped because of poor communication skills and lack of confidence.
- The involvement of Parents in the child development could be further improved by regular counselling of the parents.
- The teachers need to work harder to improve their teaching skills and make the subject lively, using teaching aids and free discussions.

4.13 Planning a Paradigm shift in School education system

Shri Bharat Bhushan Gupta, an eminent educationist and keen observer, stayed in the campus of Sai Jagriti for 15 days recently. His sole agenda was to find an answer to the observation (made over 25 years) regarding the products of Sai Jagriti School at Darwa. The question in his mind (and all of us) was - "why the students of Sai Jagriti school are not doing well in their higher classes and various competitive examinations after getting very high merit in 10th class board examination.

SUCCESS STORIES OF ALUMNI SRI SATHYA SAI JAGRITI VIDYA MANDIR

Komal, B.Sc (Nursing) from Sri Sathya Sai Institute of Higher Medical Sciences, Bangluru is now gone to Dublin (Ireland) for higher training in critical care nursing.

After graduating out from Sai School Darwa in 2013, Miss Rama M.Sc (Physics) has joined her Alma mater SSSJVM as a Science teacher.

Sandeep is a Ceramic Engineer who is currently employed as Senior Officer in Production & Laboratory Dept of Umberto Ceramics International Pvt Ltd Prantii Guirat

Mrs Aroma, a product of Sri Sathya Sai Jagriti Vidya Mandir, has joined as Science teacher in her Alma Mater after passing her B.Sc :B.Ed

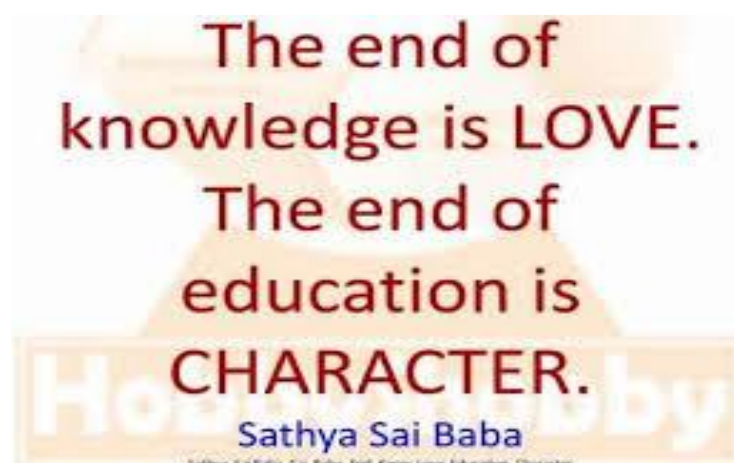

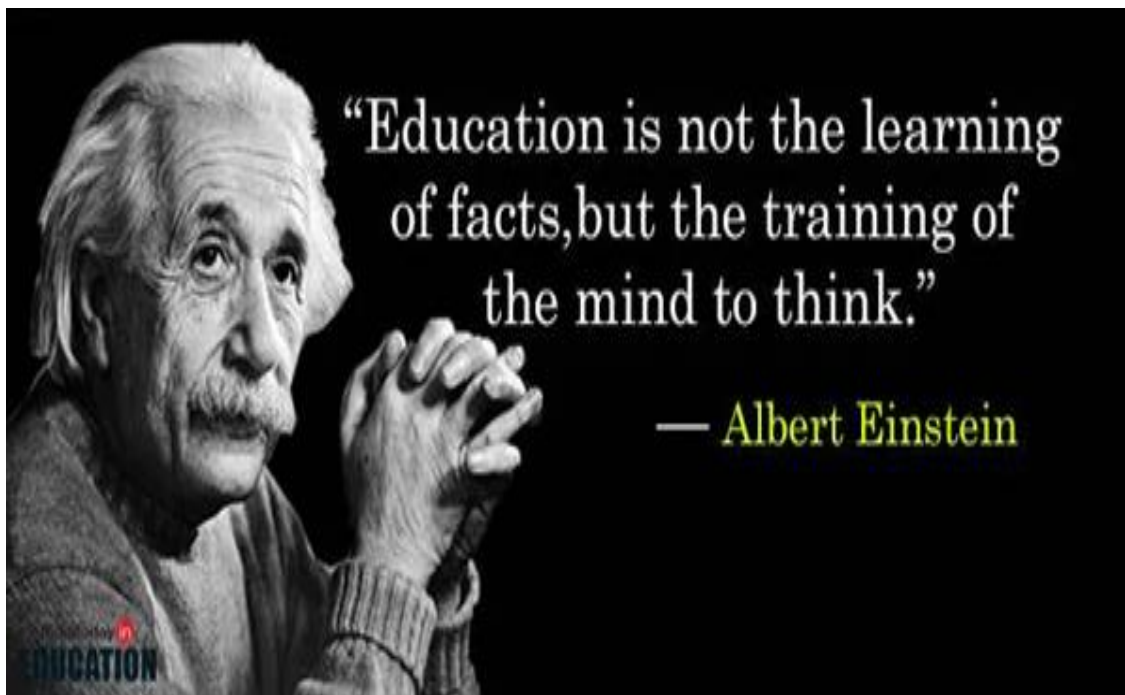

His observations were very interesting:

1. The academic age of the students in general is 2 years less than their class in which they are studying. This has been the direct effect of Covid,
2. The teachers and students are engaged in passive learning, hardly any learning only cramming.
3. The students can be divided in four categories:
 - * HWHS : High will High skill
 - * LWHS : Low will High Skill
 - * HWLS High will but low skill
 - * LWLS : Low will low skill
4. Use of smart phone is too much distractible and waste of energy and time. The students have also become lazy and non-focussed.
5. Co-education in rural India requires separate sections for boys and girls in high school (at least 9th and 10th class) to avoid distraction.

Action plan:

1. Extensive training of teachers in changing from passive teaching to Active teaching. Mr Gupta felt that to ignite the passive sleeping minds of the students, "question asking" is an integral part of learning and hence training the trainer in this aspect is very important. The questions should also be HOT (high order thinking) and not LOT (Low order thinking). This training schedule has already been instituted, employing the experts in the field.
2. A software designed and developed by Shri B.B.Gupta and his team of dedicated workers known as "Anecdotal" has been introduced. The teachers can log in all the positive and negative traits of the children in it. The collected data gives a quantified status of any child at any given point of time. It helps in monitoring the status of the child / the class and even the whole school. The software also helps in counselling the parents about their wards.
3. To begin with LWHS students will be targeted to elevate them to HWHS group. There are 73 such students who have been engaged in the morning for 1 hours extra tuition with two evening part time paid teachers. Interestingly, both these teachers are alumni of Sai Jagriti school.

4. If the students are to be weaned off from use of smart phones, some alternative area of attraction should be generated. For that, the sports is a very good option. But there is a catch in here. The students need to be good in academics also otherwise the parents start discouraging their wards not to participate in games. The surface of sports field of the school has been redone to zero levelling with good amount of payment. A girl's cricket team is being prepared besides already existing regular basketball coaching separate for boys and girls.
5. Separate sections for boys and girls for 9th & 10th classes and installation of CCTV camera to keep a watch on the students.
6. The students are told to close their eyes on hearing the closing period bell and open the eyes only when the next teacher enters the class room and greet the students with Sai Ram.

4. HEALTH WING

- Regular OPD for 5 hours daily from Monday to Friday and 3 hours on Saturday, manned by 2 qualified and experienced doctors.
- 300 mA digital X-Ray machine, ECG machine and Laboratory facilities for routine laboratory investigations and full range of Physiotherapy equipment, manned by locally trained personnel.
- Regular Specialist clinics, once in fortnight for Internal Medicine and Dental patients run by qualified doctors. Daily Orthopedics and Gyne. Obst clinics.
- School Health Programme
- A “24X7” Ambulance service for the adopted population.

5.1 The beneficiaries:

Two types of beneficiaries are attending the Out Patient Department for seeking free medical consultation. Their beneficiary status and entitlement are tabulated below:

The Class of Beneficiaries	Adopted	Non-Adopted
Constituents	3 villages: Darwa, Parvalon and Darwa Majri with Population: 3950	Pts. From near & far off places of Punjab, Haryana, Himachal, U.P, Utranchal, Rajashtan, Delhi
Consultation fees	Nil, no registration fees	Nil, no registration fees
Investigations: Laboratory & X-Rays	Free for all	*Subsidised for all *Totally Free to ½ free for Poor
Indoor treatment expenses	0 to 100% depending upon the Economic criteria	Self-financed

The hospital building houses the outdoor medical examination facilities with provision for X-Rays, laboratory and dispensary. Four beds are available for observation of the patients.

Specialists' clinics: A state of the art Dental Chair has been installed to provide treatment to the dental patients. Besides the dental clinic, special clinics for "Internal Medicine" is also run in the evenings. Prior appointments are given to the patients for these clinics. Orthopaedics and Gyne. - Obst consultations are available on daily basis in the morning times. Emergency services are provided round the clock for adopted patients only. The serious patients are transported to hospitals/nursing homes in the nearby twin cities of Jagadhari/ Yamunanagar.

Looking at the difficulties faced by the patients coming from far off places to avail the token system, a new successful system of telephone booking of tokens has been introduced through a dedicated contact number.

5.2 Out Patient work:

The Outpatient starts at 8 am in the summers and 8.30 am in the winters with *Aunkaram* and Veda Chanting, followed by "*Sarva Dharma Prarathana*". The *Vibhuti Parsadam* is then distributed and the patients are made to sit comfortably, men and women separately. The patients are seen on first-come-first-serve basis using a digital token display system. The adopted patients, toddlers and senior citizens (>65 years of age) are given priority.

OPD WORK LOAD DURING LAST THREE YEARS:

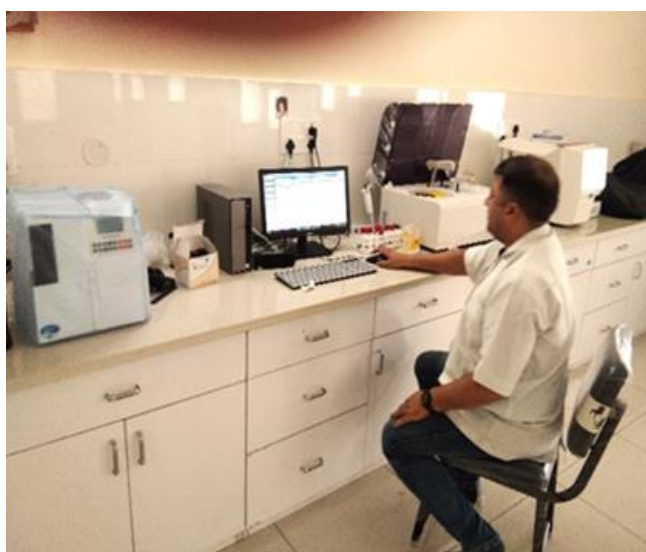

Year	Total OPD Pt	Specialist OPD Pts	Tb New Pt.	X-Rays	Lab Invest.	Emergency cases
2021-22	20841	13062	nil	1701 (119,7.5%)	3179 (408, 12.8%)	133
2020-21	18623	9788	01	1625 (104, 6.4%)	2918 (308, 10.6%)	191
2021-22	17720	8996	01	2110 (120. 5.7%)	3417 (369,10.8%)	99

(Figures in parentheses are the numbers related to adopted patients).

Considering that there were 304 working OPD days during 2021-22, the average number of patients attending the OPD per day was 61 with percentage of adopted patients as 52.5% of the total OPD registration.

With loving grace of Sai, the hospital continued its **regular humble services during the Covid period without any break** and received appreciation for it.

HEALTH UNIT

Sadan has a humble “health Wing”, mainly the OPD, dealing all patients with love and compassion. The wing has earned a name for fair dealing and positive approach. Patients come for free consultation from far off places of UP, Utranchal, Haryana & Panjab. Popularly known as “Sai Baba Ka hasptal”. A large number of orthopaedic patients come for balanced opinion and treatment. The unit has a clinical laboratory manned by a senior lab technician, a 300-mA digital X-Ray Machine and state of the art Dental chair. There are four observation beds, but the patients requiring Indoor treatment are taken to Nursing Homes in Jagadhari /Yamuna Nagar. Ambulance service is available round the clock for this purpose. For the convenience of patients coming from far off places, telephone booking of token has been introduced

5.3 Anti-tubercular treatment:

Since the beginning in April 1993, a total of 152 patients (average: 05 per year) of tuberculosis (Pulmonary and extra Pulmonary) have been diagnosed in adopted population of Darwa village. The breakup of these cases is as follows:

- *Healed and rehabilitated: 140 *Recurrence: 04 (Treated subsequently)
- *Died due to the problem: 06 *Treatment discontinued by pts.: 01
- * Active case under treatment: 01

While the incidence of Tuberculosis is on the rise all over India, the incidence in village Darwa has been on the decline. Thanks to persistence efforts to persuade the villagers to follow the standard hygienic habits and give up smoking.

Other chronic disease patients who are taking medicines on regular basis are: Hypertension -53, Diabetes Meletus -10, Epilepsy- 05, Thyroid dysfunction -04.

5.4 Laboratory, ECG and X-Rays facilities:

A fully automatic analyser has been installed in the OPD, manned by a qualified Laboratory Technician to prepare hematology, bio-chemical and Urine analysis investigation reports. Samples for more sophisticated tests are sent to advance Laboratories at Chandigarh/Delhi. An ECG machine is also now available for the Outpatient. The analogue 300mA X-Ray machine was converted to “digital” technology for carrying out routine radio-graphic investigations. A 25KVA generator is available as an alternative source of power. As per legal obligation, the Sadan Hospital and the X-Ray technician are registered with Atomic Energy Regulation Board for monitoring the X-Rays exposure to the technician.

5.5 Some facts about rural Health services:

- a) Common ailments: Contrary to the common belief, the rural women are found to be commonly suffering from Hysterical neurosis. Worst of all, the family members don't understand it and get exploited by unscrupulous nursing homes. Second common problem is Epilepsy due to Neuro-cystecercosis.
- b) The problem of alcoholism is taking a toll on the socio-economical milieu of poverty and undernourishment of family members, domestic violence etc. Death in young age due to chronic alcoholism is common. Illegal sale of liquor in the village is continuing in spite of several representations submitted to the authorities.
- c) The quacks (“doctors”) are playing havoc with the psyche of the villagers. These “doctors” also work as touts for the nursing homes flourishing on illegal medical malpractice, resulting in unwarranted costly investigations and unwarranted operations such as appendectomies and hysterectomies etc.

HEALTH UNIT - OTHER SERVICES

A dental chair has been installed for the dental surgeon to take up routine procedures in the OPD only

The Health Unit has full set of routine Physiotherapy equipment like automatic traction machine, SWD, Wax bath, shoulder wheel etc.

There are 4 observation beds available in the health unit for care of the patients requiring short observations.

The ambulance service is available 24X7 for the adopted patients for shifting the patients to designated nursing homes in Jagdhari and Yamuna Nagar

5.6 The School Health Services: Kindly see health under “Education”.

Calcium + Vi D tablets are given to all the children of the school on regular basis. In all, a total of 22500 tablets (from class IST to Xth) + unspecified sachets of Vit D granules (for pre-school classes) were given during the year.

5.7 Indoor Patients:

As per policy, the patients from adopted villages requiring indoor treatment are admitted to various Hospital/Nursing Homes at Jagadhari/Yamuna Nagar for different problems. Besides, the financial help, these patients are given logistic support in the form of personal visits, arrangement of blood, food and transport. Financial help was given to deserving patients for their sophisticated costly laboratory investigations. A brief summary of these patients is given in Annexure-III (page 55).

5.8 Births and Deaths:

A regular record of births and deaths in village Darwa is kept meticulously (tabulated). The data of births has been useful for keeping the immunization record of all the newly born and also for admission to nursery class of Sri Sathya Sai Jagriti Vidya Mandir.

Year	Births	Death
2021-22	04	06
2020-21	17	14
2021-22	10	08

5.9 Feed Back Mechanism:

A team of doctor and volunteers visit the village every Tuesday and some of the Saturdays for interacting with the beneficiaries with the purpose of getting “feed-back” from them and for their counselling in the matter of health and the education of their children. This gives them the opportunity to update the family data in the Sadan records. The inputs from these visits help in making micro-adjustments in delivery system of the various service activities.

5.10 Covid vaccination camp:

Hospital wing arranged 5 covid vaccination camps for the rural area by providing logistics in term of hygienic space, crowd management, sanitation and food for the Govt Vaccination team.

S.No	Date	Narration	Number of beneficiaries
01	25 th May 2021	45+ age group 1 st and 2 nd dose	87 dosages of Covishield
02	9 th August 2021	18+ Age group 1 st dose	200 dosages of Covishield
03	16 th August 2021	45+ 2 nd Dosage	117 dosages of Covishield
04	17 th Sept; 2021	18+ 1 st Dosage 18+ 2 nd Dosage	252 and 124 dosages of Covishield
05	20 th Oct; 2021	15-18 yrs 1 st Dosage	160 dosages of Covishield

5.11 Recent Sai gifts:

- a. A brand-new Tata Wing Ambulance was received from Maithari Thai through Aranya Trust New Delhi on 14th August 2021 in a brief ceremony of performance of Mangal Pooja by a Buddhist Monk.
- b. State of the art Diagnostic lab;
A state-of-the-art diagnostic lab is opened. The equipment, furniture and AC worth 15 lacs rupees were donated by an NGO – Round Table India. The constructed of the lab and fixtures costed Rs 12 lacs. It is serving the patients with quality reports on lowest possible rates
- c. The generic medicines sale point.

The patients were complaining that the while consultation is free, the medicines available in the market were very costly. Hence, a generic medicines drug store was opened on 24th April this year. A qualified pharmacist from the village and a 10+2 girl (both alumni of our school) were employed. The medicines are now available on very low rates with minimum profit to cover the running expenses only. Costlier medicines are sold with Zero profit. The moot point is that this is not a revenue generating outfit but a service centre.

“When you go to hospitals to render service, actually you do not cure and serve others. You cure yourselves – your emotions, feelings and heart undergoes an unseen transformation. But that happens when you render service a worship”.

- Sai Baba

6 Masala Production Centre

6.1 Masala production Centre:

Masala (spices) production centre was established in September 1994 with the following aims in mind:

1. To provide vocation to the rural women so that their economy is improved.
Three women and a village boy have been employed in the *Masala* Centre.
2. To educate these working women in basic hygiene so as to improve their health.
3. To provide pure high-quality *masalas* (spices) to the society.

Strict control on quality is maintained at the point of purchasing of the raw materials and production. Each packing has a label, indicating the name of the *masala*, its date of manufacture, weight when packed and its cost. In case of any complaint, the material is replaced without asking any question.

The sale is promoted by the members in their social circles, both at Yamuna Nagar and Chandigarh. A sale counter has also been kept in the hospital section which attracts many visitors.

This year, the average monthly salary of `2630 has been disbursed to both the rural women for their labour working for an average of 2 hrs per day. This amounts to an average labour rate of `57.4/hr. A comparative data of *Masala* Centre progress over the last 3 years has been tabulated as follows:

Year	Total sale Of Masalas	Total Wages Disbursed	Women Employed	Average reflected Wages of a worker/hr	Average Wages of a worker/month (2 hours/day)
2021-22	` 5,99,079	` 86,272	03	`47.92/hr	`2396
2020-21	` 5,91,967	`87,008	03	`51.18/hr	`2415
2021-22	`4,43,984	`63,136	02	`57.4/hr	`2630

With Govt. of India having the agenda of skilled personnel growth, we hope we will be able to take a big leap forward in this wing of the project in near future.

JAGRITI LOK SEWA TRUST

(A UNIT OF SRI SATHYA SAI GRAMIN JAGRITI SEWA SADAN)

Masala (spices) production centre was established in September 1994 with the following aims in mind: 1. To provide vocation to the rural women so that their economy is improved. 2. To educate these working women in basic hygiene so as to improve their health. 3. To provide pure high quality “hand ground” *masalas* (spices)

The best raw materials of the *masalas* (spices) are procured from the market. The materials are cleaned, grounded and packed hygienically. There is a quality control at each step of the production. A solar drier is used to dry the raw material.

6.2 Employment opportunity: The various wings of the project are providing job opportunities to the adopted population. In the non-technical areas, the jobs are offered to economically weaker families of the adopted population, irrespective of caste or creed. But for the technical jobs, the applicants from the adopted villages are required to compete with others in a merit based open/transparent selection process.

Besides the two doctors working on voluntary basis, there are 44 regular jobs available in the project. Out of these total 44 jobs, 20 are occupied by the adopted villagers. One village woman has been engaged to run the *Sadan* canteen.

All the employees are covered under ESIC and EPF schemes. **All employees received full salary during covid period and none of the employees was laid off during this difficult time.**

The details of villagers employed under various categories in the different wings of the project are given below:

Wing	Technical	Non-Technical	Total (Rural)	Remarks
Education	*Teachers Including the Director and Headmistress 21 *part time basket ball coach=1	*Non-Teaching staff and Sai Kitchen sewikas = (06)	28(06)	Director of the school is putting up in the campus
Hospital	*Doctors=(Both Volunteers) *Radiographer=(1) *Lab Technician=1 *Pharmacist =(1)	General Assistants = (2) Safai Karam Chari =(1) Assitt. Pharmacist=(1)	7(6)	Both the doctors live in campus
Masala Centre	*Assistant Manager=1(1)	Workers= 2(2)	3(3)	All from Darwa
Common Pool	Supervisor =1	Malee=(1) Chowkidar=(3) Canteen=(1)	6(5)	Supervisor from city
Total	27(3)	17(17)	44(20)	Out of total of 44 employees, 20 are occupied by villagers

“Let new India arise out of the peasants’ cottage, grasping the plough; out of the fisherman, the cobbler and the sweeper. The peasant, the shoe-maker, the sweeper, and such other lower classes of India have much greater capacity for work and self-reliance than others. They have been silently working through

long ages and producing the entire wealth of the land without a word of complaint”
-Sri Sathya Sai Baba

7. SPIRITUAL PROGRAMMES

Highlights:

- * Celebrations of all the festivals and important cultural & heritage events to inculcate in the minds of beneficiaries the importance of ancient Indian culture and inter-religion fellowship, based on multi-pluralistic Indian society.
- * *Sarva Dharam bhajan* sessions on Sundays, Thursdays and all festivals. *Suprabhatam* and *Nagar Sankirtan* on every Sunday and festival, *Narayan Sewa* on the last Sunday of the month.

The spiritual programmes are the back-bone of the whole project and a source of inspiration for the volunteers to bring in a change in themselves (self-evolution) and then to bring in a change in the society. Besides inculcating the 5D's (Duty, Discipline, Devotion Determination and Discrimination) in the children, these spiritual programmes are bringing subtle changes in the life style of the people attached to the project in various capacities.

The gains are wonderful. The darkness of “ego” of the volunteers is gradually being removed by the effulgence of sprouting “Love” in their hearts. One does hear now and then, the comments on feelings of better control of emotions, hatred and jealousy towards others.

We pray to Bhagawan Sri Sathya Sai Baba to restore the old enthusiasm in the hearts of our worthy members so that they participate in these programmes more vigorously to enjoy the bliss of taking a dip in the Ganges - the ocean of love, flowing at our doorsteps.

8. FUTURE PLANNING

Bhagawan Sri Sathya Sai Baba had told a group of society members in an Interview that the evolution of this project is directly proportionate to the individual evolution of the workers working in His mission.

“Project Evolution α Personal evolution of the workers”- Baba

Nevertheless, the society places following future plan at the LOTUS FEET for bestowing His blessings and loving Grace.

- Skill development center
- Up gradation of school to senior secondary (10+2) level

9. Analysis of the Balance Sheets of the society for the year 2021-22

The Balance Sheet, Income and Expenditures Account and Auditor's Report of the society for the financial year 2021-22 are attached at the end of the report. The following salient features are, however, worth noting:

- 9.1 **The total receipts** from various sources during the financial year 2021-22 were ` 2,53,26,719 as compared to that of the previous year of `1,36,39,173 (HIS grace) as per details given below:

(In Rupees)

A. <u>Contributions</u> :		
	Inland:	109,65,471
	Overseas:	<u>108,10,397</u>
	Total:	217,75,868
B. Interest Income :		
	Received (Saving Accounts):	4,72,906
	Received on FD's with Banks:	28,35,135
c. Income Tax Refund with interest		1,66,908
D. Miscellaneous		75,902
Grand Total		`2,53,26,719

- 9.2 **Fixed assets:** During current financial year 2021-22, following capital expenditures on Fixed Assets were made:

S.No	Item	Amount (in rupees)
01	Building (Diagnostic Lab)	896619
02	Digitalisation of X-Ray machine	616000
03	Furniture & Fixtures	20658
04	Water cooler	27700
05	Sports equipment	64200
06	Computer items	2204
07	LCD Projectors	19800
08	Invertor	29500
09	Electrical Installation	280368
10	Grass cutting machine	22034
11	Utensils	9149
	Total	`19,88,232

As per Income Tax Act, **the depreciation on fixed assets** of ` 59335 has been provided in the Balance Sheet for the financial year 2021-22

9.3 Investment in safe instruments: As on 31-3-2022, **the total investment of the society** in safe instruments is including cumulative accrued Interest thereon, as per details given in the table:

Investment Instrument	Principal Amount invested (Rs.)	Interest Accrued (Cumulative in Rs.)
Fixed deposit with State Bank Of India, Yamuna Nagar	2,92,839	17165
Fixed deposit with DCB bank, Yamuna Nagar	3,48,00,000	46,52,231
Total	3,50,92,839	46,69,396

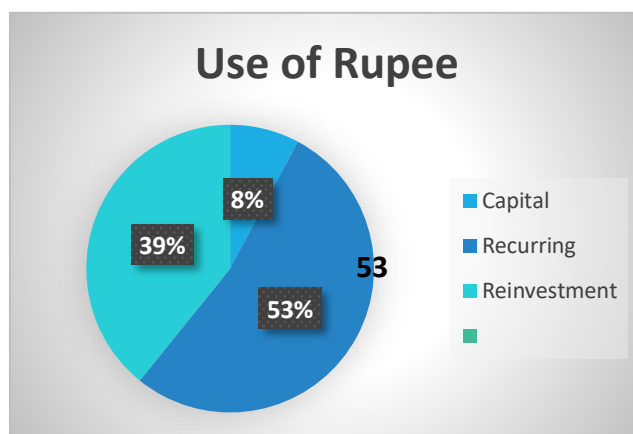

Grand total: ` 3,97,62,235

Saving accounts holdings as on 31-03-2022: ` 1,50,98,151

9.4 The recurring expenditures in the current financial year were ` 70,10,016 (Hospital) plus ` 64,03,748(School), a total of ` 1,34,13,764

9.5 Utilisation of a Rupee in the current financial year:

Capital :	7.8 P
Recurring	53.0 P
Reinvestment	39.2 P

9.6 Flow of Funds:

a) Inflow of Funds:

A comparative data of the last 3 yrs of Income of the society is tabulated below:

Financial Year	Contributions received during the year			Bank Interest & other	Total Income
1	Inland 2	Overseas 3	Total 4= (2+3)	5	6= (4+5)
2019-20	`77,82,211	`11,63,574	`89,45,785	`29,82,248	`119,28,033
2020-21	`87,39,794	`21,40,731	`1,08,80,525	`27,47,178	`1,36,27,703
2021-22	`1,09,65,471	`1,08,10,397	`2,17,75,868	`35,50,851	`2,53,26,719

b) Outflow of Funds:

Financial Year	Capital Expenditure	Recurring Expenditure			Addition In Secure Investment
(01)	(02)	Yearly (03)	Monthly (04)	%age ↑↓ (05)	(06)
2019-20	`14,68,679	`90,50,296	`7,54,191	↑11.36	`14,09,058
2020-21	`13,97,634	`86,18,307	`7,18,192	↑ 4.77	`21,16,245

2021-22	`19,88,232	`1,34,13,764	`11,17,814	↑ 30.28	`99,24,723

10. ACKNOWLEDGEMENTS

First and foremost, the members of the society, most humbly, surrender at the Lotus Feet of Bhagawan Sri Sathya Sai Baba and convey their sincere thanks and gratitude to the loving Lord for His gift of Sri Sathya Sai Gramin Jagriti to this part of the country, thus giving all of us an opportunity to evolve ourselves by working in His mission. Thank you, Swami!

Next, the beneficiaries, the rural population of Darwa, Darwa Majri and Parwalon villages and many patients/students coming from far off and near places, deserve our sincere thanks for giving us the opportunity of serving them. We pray to Swami to pardon our shortcomings in discharging our duties and to help us to improve ourselves in our day to day working.

We feel specially obliged to CA Ravinder Agarwal and his team for auditing the accounts of the society and preparing the income/expenditure reports and signing the audit report without charging any fees.

The following institutions/persons have been helping the society selflessly in carrying out the various activities:

M/S Sita Ram Jindal Foundation (New Delhi) is contributing regularly for the project. Our gratitude and thanks are due to this highly esteemed organisation.

Balraj Gupta foundation has been contributing to create/upgrade the various infrastructures, like the independent generator set, solar power plant, extension of Balraj Gupta Assembly Hall etc., in the school on regular basis. We appreciate and convey our sincere thanks to the management of Balraj Gupta foundation.

Dr Dinesh Bhugra, Ms Anita Wadhwan, Gurjit Nandra, Veena Bhamra, Sameera and Balraj Mavi, Amarjit and Susan Dhindsa, Anita Sharma, Sukhjinder Sidhu and Bany & Hardip Sandhu, Sahib Sandhu, Bisan Mavi and Om Yogiz are regular donors from UK. The society appreciates their act of charity. Some of them have adopted economically weaker children of our school. God bless them all! Interestingly, Dr Dinesh, Professor Emeritus of Psychiatry in Kings Medical College London (UK) belongs to Yamuna Nagar. Ms Anita Wadhawan contributes to the funds of Sai Jagriti regularly in everlasting memory of her departed mother.

Dr. Arun Gupta and Dr. AVS Ravi helped us in treating our Paediatric patients and monitoring the health of our school students by screening them clinically in the school biannually, coinciding with Eshwamma Day and Baba's birthday. Dr Parveen Garg deserves our special thanks for sparing much of his valuable time from his very busy schedule to offer free medical consultation fortnightly on Tuesdays in the afternoon session. Dr. Romesh Aggarwal was available for Dental clinic in the Sadan round the year. He carried out regular dental health check-up of all the students in the school twice in a year. Thank you doctors!

We are grateful to M/S Kamal Encon Industries (KEI) Limited Yamuna Nagar and M/S Polyplastic (I) Pvt Ltd Yamuna Nagar for their logistic support 24X7. From KEI, Shri Ajay Kumar was our trouble shooter for software and net connectivity problems. CA Shri Sudhir Gupta, Shri Sukhvinder Singh and Mr Deepak maintained the account books of the society meticulously. Shri Raman Kumar looked after the ESIC and EPF accounts of the society. It is a matter of pride that Shri Raman Kumar has been recently awarded a prestigious honour of "Shram Ratan" award by Govt of Haryana. Shri Rishi Pal was the electrician available for fault repair in Generator system etc.

A team from M/S Polyplastics (I) Pvt. Ltd. provided regular maintenance services of the infra structure of the Sadan. Shri Ashok Kakkar was very sincere in electricity faults repair jobs whole heartedly and the two carpenters, Shri Ram Nath & Shri Rajbeer handled the carpentry maintenance work in the project relentlessly. All

these gentlemen deserve our deep appreciation. Shri Manoj Kumar driver of Mrs Urmil Gupta was very helpful in doing odd jobs during his daily visits to Sadan.

Besides this, there is a long list of regular contributors inspired by Bhagawan Baba who are contributing generously to the funds of the society. The society feels indebted to each one of them. It would not have been possible to run the activities of the society without their selfless help. Even the prayer of many well-wishers is helping the mission to grow (at subtle level) vertically and horizontally.

Mrs J.N.Bakshi, the Director of Sri Sathya Sai Jagriti Vidya Mandir, deserves our special thanks and appreciation for meticulous proof reading of this report.

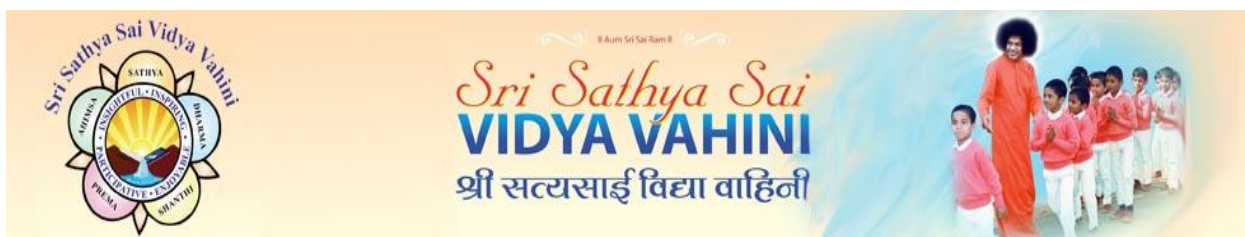

Last but not the least, we are grateful to all those who are critical and sceptical of our work in Sai mission. It is because of them that we have been improving and making our convictions stronger day by day.

“The END is not the end. In fact, E.N.D means Efforts Never Die”

-Dr APJ Abdul Kala

Summary of activities under **SRI SATHYA SAI VIDYA VAHINI MOVEMENT**

What is the use of education that does not benefit society?" – Baba

The Vision of Sri Sathya Sai Vidya Vahini: 'To be a seamless, synergistic, safe medium for nurturing and sharing knowledge by harnessing the power of collaborative ideas, people and technology for the welfare of humanity.'

Guiding principles:

1. To make 'Human Value Based Secular Information' available free to rural children.
2. To use technology to facilitate greater percolation of educational initiative.

Vidya Vahini Workshops: 18-09-2021 to 20-09-2022 :During three days training, Mrs Sukhwinder Kaur from D C Model school Panchkula, covered up LMS course, Soft Skills course, how to download new lessons from LMS portal and send their feedback. It was quite interesting for the teachers to know about the new changes in SSSVV programme. Fourteen teachers of the school received their E-certificates from Prashanti Nilayam. Mrs Sukhwinder's observed that the trainee teachers knew a lot about SSSVV programme and have been using the lesson plans of SSSVV regularly.

Politics	without
principles,	Education

Christmas Day celebrations

Bhagwan Baba's 96th
Celebrations

Baba's 96th Birthday Cake

Birthday

Celebrations of Bhagwan's birthday started on 15th November 2021.

• Monday	15-11-2021	Quotation Writing Activity
• Tuesday	16-11-2021	Quiz on Bhagwan Baba's life
• Wednesday	17-11-2021	Value song activity (Senior group)
• Thursday	18-11-2021	Bhajan & Value song (Primary section)
• Saturday	20-11-2021	Story Telling Activity
• Tuesday	23-11-2021	Birthday celebrations

23-11-2021

To avoid large gathering due to Covid 19 restrictions, Bhagwan's Birthday was celebrated in Sai Sewa Sadan with full enthusiasm and happiness. Sai Sewa Sadan was decorated with colorful paper flowers, handmade articles, fresh flowers and rangoli. A group of senior boys and girls participated in Veda Chanting, after prayerful chanting at Ganesha Temple, the procession moved round the residential area of Sai Jagriti and the School compound. On arrival in Sai Sewa Sadan, "Kalash" was placed at the Lotus Feet of Swami. Online Veda Chanting started at sharp 11:00 a.m. followed by Sarva Dharam Bhajans till 11:50 a.m. After that the employees of Sai Jagriti were given gifts as Sai Prasadam. The next ceremony was, the giving away of Balraj Gupta Medal. This year this prestigious award was given to Miss Sujata for the session 2020-21 for her meritorious performance in class X. President Sh. Kamal Gupta and his respected mother Smt. Urmila Gupta performed this ceremony.

Silver Jubilee of SSSJVM was celebrated this year. To commemorate this auspicious day, e-magazine "Sai Anukampa" was launched by President Sh Kamal Gupta. Soon thereafter, Cake cutting ceremony along with Baba's birthday song was performed with great elation. Mangal Aarti was offered to Bhagwan followed by door to door distribution of langar prasadam in Darwa village.

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today." - Malcolm
