The moment you think of ME, I am by your Side to Guard you & Guide you.

- Bhagawan Sathya Sai Baba.

Generally, all people are suffering from an incurable disease. It may be to a lesser degree in some while more severe in others. The difference is only in the severity, but all are suffering from this. It cannot be cured even by expert medical treatment by experienced doctors. This disease is “ego”. Where is the need to be egotistic for an ordinary mortal? When you consider your position in comparison to the entire world you are just an infinitesimal speck. In the world map, India is a small country, and Tamil Nadu is a part of this. In Tamil Nadu, Kodaikanal can be spotted only as a tiny dot. In this, what is your position as an individual? When you analyze in this manner, you will find you are one of no consequence at all. If you think you are so big, inflated with ego, it is only sheer ignorance. If one identifies themselves with divinity, there will be no room for ego. All are divine in this world, and you are also one of the several billions of people. When you realize this truth, where is the scope for ego? It is due to ignorance that one feels egoistic and faces lots of problems because of this. \*

## FOREWORDS

On inspiration of Bhagwan Sri Sathya Sai Baba, the Governing body of the school has declared the school to be a girl's school with effect from 31<sup>st</sup> March 2024. Boys will, however, continue to be taught up to 5<sup>th</sup> class only.

The school still continues to grapple with the aftermath of covid epidemic. The online delivery of lessons has not been very effective due to noninvolvement of illiterate parents. There has been misuse of smart phones by the children in the name of online education. Gross indiscipline and poor academics standard are the other problems which require urgent attention of the school administration and teachers. Academically, the students are 2 years behind in their learning schedule as per the prescribed syllabus.

This year, however, the school produced wonderful results in the field of Sports. Miss Preeti brought laurel to the school by representing Delhi State Football team participating in the Hero Junior (U-17) Women National Football Championship 2022-23. Another girl, Simran represented Delhi state in the U-17 women football championship recently held in Odisha.

Other achievements in the field of sports are those of  
i) Master Hitesh of Class 5<sup>th</sup> who achieved 1<sup>st</sup> position in Online All India Yoga Championship under the category 8 -10 years. As a 'Shining Yoga Star, he was highly appreciated for his flexibility, balancing, and postures. ii) The school basketball U-17 team achieved gold medal in district tournaments iii) Yash of 10<sup>th</sup> class won 1<sup>st</sup> position in Judo district championship.

After a very successful stint of 10 year as the Director of the school, Smt J.N.Bakshi has retired. With the inspiration of Bhagwan Sri Sathya Sai Baba, the rein of HIS school has now been given in the hands of young and dynamic Smt Himani Sharma B.Sc, MA, B.Ed. Being a Bal Vikas child, she is blessed to be in the Sai kingdom from her childhood. We pray to Bhagwan Sri Sathya Sai Baba Varu to keep

guiding and inspiring her in discharging her responsibility diligently.

### 1. Introduction and brief history

Sri Sathya Sai Gramin Jagriti Sewa Sadan is a multi-dimensional rural based service (*sewa*) project gifted by Bhagawan Sri Sathya Sai Baba to the northern part of rural India with the dual purpose of self-evolution of the volunteers (*sewa* workers) through selfless service and empowerment of the beneficiaries through the various services of this project. It bears the name of Bhagawan Baba, because it follows the lofty Sai principle of “selfless service” with “love” as a mode of liberation. The project came into existence with a typical stamp of Swami’s *leela* which is no less than a miracle in itself.

It was in 1990 when Lord Sai blessed one of His outgoing MBA students of Sri Sathya Sai Institute of Higher Learning and inspired him to work in setting up of a multi-dimensional rural empowerment programme. The “*sewa*” work in this project was started on 13<sup>th</sup> April, 1993. Since then, **Swami** has been guiding, inspiring and protecting us at every step. Important physical milestones in the history of this project are as follow:

**Important milestones:** *Bhoomi Puja* of the land, gifted by the then Gram Panchayat of village Darwa (Yamuna Nagar, Haryana), was performed on 13<sup>th</sup> April, 1992. Foundation of the hospital building was laid on 27<sup>th</sup> September, 1992. The *sewa* work in the project was started in the form of a **dispensary** on 13<sup>th</sup> April, 1993. Next year in September 1994, *Masala* (spices) production centre was commissioned with a view to provide vocation to economically weaker section of the rural women.

**Sri Sathya Sai Jagriti Vidya Mandir was** inaugurated on Swami’s 71<sup>st</sup> Birthday (23<sup>rd</sup> November, 1996) by a long time Sai devotee -Mr Justice R.Sridharan, the then Chief Justice of Punjab & Haryana High Courts.

The “Parshotam Loomba block” of 6 bigger rooms in a 3-storey format, specially designed for housing a Sai Mandir, conference hall, library, science laboratory and a computer laboratory, was completed in 2009.

In February 2009, “Clean water” project, sponsored by Rotary International to meet the supply of safe drinking water to the whole campus, was commissioned.

The major boost to the working of the Project in general and Sri Sathya Sai Vidya Mandir in particular, was received on 19<sup>th</sup> June 2010 when **Sri Sathya Sai Vidya Vahini** was gifted to school by Bhagawan. This has brought in the cutting edge of latest technology in secular (text book) and value-oriented education for the holistic development of the students’ personality.

**“Sai Kitchen”** was commissioned in September 2012 to supply freshly prepared, tasty and nourishing vegetable curry every day to all the students free of cost.

On Baba’s 88<sup>th</sup> birthday (23<sup>rd</sup> November, 2013), a multi-purpose assembly hall (**Sai Balraj Gupta Hall**) was inaugurated by Mr Justice K.C Puri, Hon’ble Judge of Punjab & Haryana High Courts, Chandigarh.

With Sai’s loving grace, the school has been affiliated to the National Council of Sri Sathya Sai Schools in 2013. **Thank you, Swami!**

In April 2015, the sports ground of the school was developed fully into a stadium for training and organising the games of foot-ball, hockey, Cricket, volley ball and track events. A state of the art, Basketball court was commissioned in March 2016.

In 2017, the extension of the Balraj Gupta Assembly Hall and addition of a balcony was undertaken to accommodate the ever-increasing audience, attending Baba’s birthday and school Annual Day programme.

In April 2018, a 10KW “on-grid” **solar power plant** was installed on the roof top of the school. The plant is generating more power than the requirement of the Sadan.

In April 2022, the Diagnostic lab was upgraded with state-of-the-art equipment and In July 2022, a generic medicines drug store opened to sell generic medicines at low cost.

The growth of the “Vut Vriksha” sapling received from Puttaparthi seems to be in tandem with the growth of the project with Sai Grace

On 13<sup>th</sup> April 2020, a new facility of Patients’ waiting area cum canteen was inaugurated

## 2. The Society

### 2.1 Membership:

The society is registered with the Registrar of Societies & Firms, U.T- Chandigarh in 1990. There is **no membership fee**, only contribution of “*Pure Love*” is required for Life time Membership of the society. As on this day, there are 45 members on the rolls of the society. We lost two members recently. None of the members or their relatives is gainfully employed in the project. The services of the members are purely selfless in nature and no remuneration/perk in any form is ever paid to any of the members. Full list of members/Governing body members is given on pages 56-60 (annexure IV). The Deputy Commissioner of Yamuna Nagar and Director Urban Local Bodies Haryana are the permanent nominees of the Govt. of Haryana in the Governing Body of the society.

### 2.2 Funding:

The society receives unsolicited donations in its scheduled Bank accounts and no donation box has been kept to receive loose cash donations. The payments of all purchases etc. are made on regular bills. The salaries of the teachers and other staff members are credited to their bank accounts directly. At the end of the financial year, the accounts are audited by a chartered accountant. The balance sheets; receipts & expenditures statements and audit report (please see Annexure V, page 61 onwards) are prepared and presented in the Annual General Body meeting for its approval. An analysis of the data of this balance sheet and comparison with last two years is, however, presented in chapter 9 of this report (page 38-41).

## 3. The Project

**3.1 Theme of the Project is reset:** The theme of the project was initially conceived to be “***Manav Sewa is Madhav Sewa***”. But this theme has since been reset by Bhagawan Sri Sathya Sai Baba on 02-01-2011 during the last interview, graciously granted to the management committee members, when Swami emphatically told them, “**If you love me, love my words**”.

**3.2 Location of the Project:** The project centre is situated on the bank of Yamuna canal, 7.5 kms from Yamuna Nagar on old Saharanpur (*Jhhota*) road at village Darwa in Tehsil Jagadhri of Yamuna Nagar district (Haryana) Pin 135101. The village Darwa has now been included in Yamuna Nagar Corporation, but the project work continues to serve the rural neighbourhoods.

### 3.3 The Beneficiaries:

The project has two types of beneficiaries:

Adopted: Three villages are adopted for *sewa* activities:

1. Darwa with population:	1095
2. Darwa Majri with the population:	1162
3. Parwalon with the population:	<u>1693</u>
Total adopted Population:	3950 (Families=520)

In an economical survey of the adopted families, it was observed that 12% families are having good regular income from the farms or regular employment, 36% families are living on income from daily wages or irregular employment and the rest 52% are living “below poverty line”.

**All the services rendered by the *Sadan* are totally free to the population of these three adopted villages.**

Non-adopted: Besides the adopted beneficiaries, unspecified number of patients from the surrounding and far off villages/cities of Haryana, Punjab, Uttar Pradesh, Himachal and Uttarakhand, visit *Sadan* every day for free consultation. The poorest of the poor amongst the non-adopted patients are also provided free medicines and investigations. Subject to the availability of the seats, students from various non adopted surrounding villages are admitted to the school through a transparent open lottery system.

**Quality (and not the quantity) is the hall mark of all the activities.**

### 3.4 Components of the Project:

There are three wings of the *Sadan*:

1. Education Wing- Sri Sathya Sai Jagriti Vidya Mandir
2. Health wing
3. “Masalas” Production centre

These three wings derive their inspiration and energy from the fountain head of energy that is- “The Spiritual Activities”.

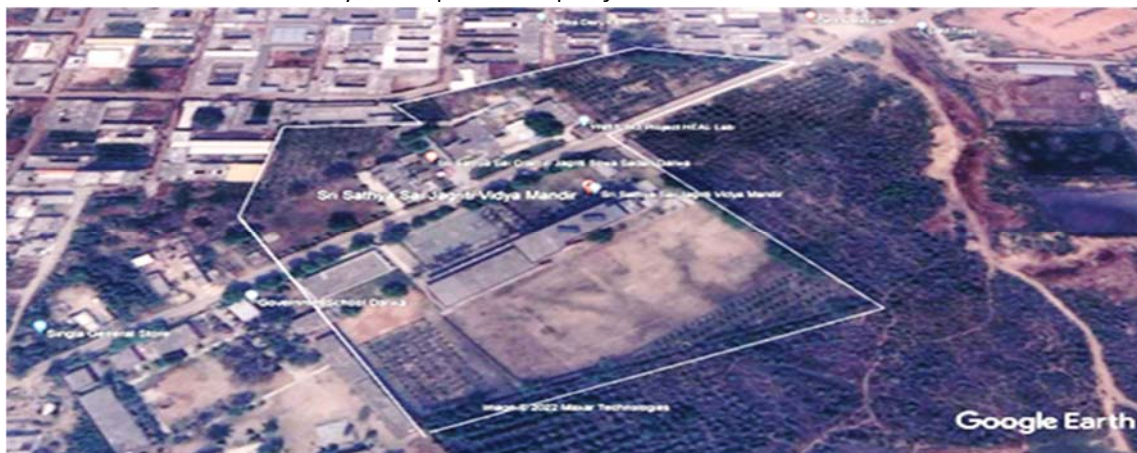

### The satellite panoramic views of the project site

The circled area depicts the project site. Out of the total area of 7 acres of the land in possession, the school premises is in 4.17 acres (60%) and the remaining 2.83 acres (40%) has the Hospital and residential premises.

On the northern side of the campus, is Darwa dairy complex, on the southern side; there are farms and Yamuna Canal. The eastern side, the vacant land is reserved for the society to expand its project.

Geo-coordinates of the site:

Latitude: 30° 07' 45.40" N

Longitude: 77° 19' 33.23" E

#### 4. Sri Sathya Sai Jagriti Vidya Mandir -a “Sri Sathya Sai Vidya Vahini”, “Sai School”

##### Highlights:

- Regular co-educational bi-lingual school from pre-nursery to 10th class, recognised by Govt. Of Haryana and affiliated to Board of School Education Haryana, providing a high quality, but totally free quality education to the rural students.
- Special emphasis on “Education in Human Values”-Sai Educare
- The introduction of the newer concept of “Experiential learning”
- Clean, safe and hygienic environment with provision of safe drinking water, separate toilets for boys & girls.
- Qualified & trained teachers with teacher/student ratio as 1:23. Specialist teachers in Science, Sanskrit, Music, Computer Science, Physical training and a Librarian. Regular in-service training for the teachers.
- Twelve (12) e-class rooms: each having LCD projector/LED HD Smart TV, screen, green board and Wi-Fi /LAN internet connectivity for free access to the vast teaching material available on Sri Sathya Sai Vidya Vahini LMS Portal.
- Well-equipped science and computer labs. Facilities for LCD, slide and overhead projectors. A well-stocked School library.

- Well organised school annual calendar for sports, co-curricular activities and community services.
- Regular health check-up with 100% free immunisation against Hepatitis B and MMR. Regular Vit D + Calcium supplement for all. Free supply of freshly prepared vegetable curry with rice in lunch from Sai Kitchen.
- Parental involvement (Parenting) in overall personality development of the children by regular Parent-Teacher Meetings.
- Post-schooling career counseling and financial/logistic support including gifting Laptops to meritorious students pursuing higher studies.

With loving grace of Bhagawan Sri Sathya Sai Baba, Sri Sathya Sai Jagriti Vidya Mandir has been declared as a “light House School” after a detailed audit by Sri Sathya Sai Vidya Vahini Foundation.

To explore this fountain head of gifted “knowledge”, the school is adopting the system of Sai Educare. Under this system, an equal and balanced importance is given to both “secular” (board syllabus education) and “EHV” (Education in Human Values). According to Sri Sathya Sai Baba, both of these components of child development are like the two wings of a flying bird, essential for him/her to fly in the mundane world.

**Education is for Head, and Educare is for Heart!**

**-Sai Baba**

Sri Sathya Sai Vidya Vahini programme and affiliation to Institute of Sathya Sai Education (Mumbai) are providing the technology and continuing training to the teachers, thus giving impetus of achieving the goal laid down in Sai philosophy of education- “Sai Educare”

The importance of moral education is the basic principle of the Sai Education philosophy. *Bhajan* singing and *Vedas* recitation are the regular features of the Morning Assembly. With the Institute of Sathya Sai Education (Mumbai) taking over the school under its wings; the new concept of “Experiential Learning” has been introduced in the school. Sincere efforts are being made to develop the “Character” of the young ones by an integrated approach involving students, teachers and parents through medium of “LOVE”, balanced with “Law”.

Infrastructure: With Loving grace of Sri Sathya Sai Baba, the school management has been able to build a state-of-the-art infrastructure for the children to bloom into useful individuals. There are twelve (12) e-class rooms of the senior classes, each having a LED projector, internet accessibility, dustless chalks and green boards. The school has an assembly hall, a well-equipped Computer lab, a composite science lab, a mathematics lab, a well-stocked library and a “Rainbow” room wherein projects models and charts prepared by the students in the past, are stored.

### SOLAR POWER PLANT

An “On-grid” 10KW Solar Power plant has been installed on the roof top of the school for meeting the power demands of the Sadan and reduces the electricity bill. The plant can be remotely monitored on line.

### SAI BALRAJ GUPTA ASSEMBLY HALL

With the grace of the Loving Lord, the multipurpose assembly hall construction is a boon to the infrastructure created in the school. Having LED projector, it serves to host all the school activities such as Baba’s birthday & Annual day celebrations, *bhajan* sessions and indoor games like badminton, table tennis etc.

The conference room, the computer lab and the Balraj Gupta Assembly Hall have also been provided with LED projectors. **Sports grounds** for football, hockey, athletics and Volley Ball already exist. **Basketball court** is an added asset in the school.

The library has a stock of the library has a stock of 4421 books. (Reference books 1000, Academic:1900, Story: 565 Spiritual: 745 General Knowledge: 50 Open Board: 50, Novels: 24, Moral Science: 15, Magazines: 88). There is a qualified librarian who manages the working of the library.

All class rooms are connected with the Headmistress office through PA system. Security CCTV cameras have also been installed in class rooms and corridors.

#### The student

During the academic year of 2022-23, the total strength of the school was 459 students, with 48.4% boys and 51.6% girls. Most of the students (85%) were from socio-economically backward classes. Although there is no caste-based discrimination of students in the school in any manner yet the detailed break up is given below to meet the information requirement of the Education department under RTE.

Category	SC		BC/OBC		General		Total		
Gender	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Total
Number	125	124	67	76	30	37	222	237	459
%age	54.24%		31.15%		14.61%		48.4	51.6	

The primary classes follow the Haryana Board curriculum in English medium. But, in an effort to bring these rural students at level ground with urban children in competing for admission to professional courses, the medium of instructions for the subjects of Mathematics and Science of 1<sup>st</sup> to 10<sup>th</sup> classes have been changed to English. The medium of instruction for the subject of Social Studies is being gradually changed from Hindi to English. Sanskrit is, however, a compulsory subject for all the students.

The school computer laboratory has 16 computers for a class of 35 students. Use of computer technology under the aegis of Sri Sathya Sai Vidya Vahini has not only made the subjects interesting and comprehensive for the students, but it is also inculcating the “moral values” in them.

AUM SRI SAI RAM

## SRI SATHYA SAI JAGRITI VIDYA MANDIR (The Infrastructure)

**Connection to the modern world:** The fully Air-conditioned Computer Lab is equipped with 16 computers wherein the students learn how to make the presentations (ppt's), prepare Excel sheet, write in MS Word and also search material for their different subjects. A qualified teacher has been employed to guide & help them. The whole school building is Wi Fi enabled for optic fibre BSNL internet

**The library** is a garden of silence for the students to comprehend and expand their knowledge by reading books on various subjects. The school library is very spacious and well lit. It has a stock of 4421 books.

**The SSSVV e-class rooms:** All the classes have been fitted with either LED projector or HD smart LED TV, each class room also has a green board. Children are taught the subjects using updated educational videos and lessons downloaded from Sri Sathya Sai Vidya Vahini LMS portal.

**4.1 Academics:** The Academic year started with “shala Parvesh ceremony The day began with the sacred Hawan Ceremony. Our newly appointed Science teacher Mrs. Aroma and her husband were the Yajmaan of the day. The students from 6th to 10th class attended the Ceremony.

The working day in the school were 254 days during the year 2022-23.

The **Teacher /student ratio was healthy at 1:22** with 21 qualified and experienced teachers for 459 students. Academic year 2022-23 was partly affected by Covid 19 Pandemic and the school remain closed with few physical classes.

To encourage healthy competition among the students, **Balraj Gupta Medal** is awarded to the best outgoing student of the school every year. Based on well-developed protocol of selection, It carries a cash award of ₹11000, a merit certificate and a “Medal”. Master Anshul, son of Smt Geeta and Shri Karam Chand from Village Darwa, was awarded this coveted prize this year.

The average attendance of the students during the year was as follows:

In Pre School: 90.11 % and In School: 91.4%

#### **Analysis of the Students left the school during the year**

Class wise

Class	I	II	VI	VII	Total
Number of students left	1	1	3	1	6

Reason wise:

\*The result is declared based on internal assessment only, no exam was held due to Covid Epidemic.

#### 4.2 Co-curricular activities:

“Communicative skills and confidence building” have been identified as two areas of concern in the rural education. Regular classes of senior students in General Knowledge and Awareness are conducted on Sundays. In the field of personality development of the children, co-curricular activities play an important role. The school has a regular calendar of such activities.

The details of other ancillary activities including Baba’s birthday Celebrations are given in Annexure II (P 45-53).

##### The Born Artists

The school has prepared and staged two quality dramas in the hallowed precincts of Prasanthi Nilayam:

A scene from “Sarva Dharam Swaroopa Sai” presented on 30-12-2011 (Prasanthi Nilayam)

A scene from the staged drama “Love All Serve All”, praying to Bhagawan (06-05-2013) at Prasanthi Nilayam

### 4.3 Alumni Meet

An Alumni Meet was held on 12th November 2023 in the Balraj Gupta Hall. Nearly 16 students attended the meeting along with some teachers. Children were reminded of the Sai philosophy by Director, Smt Nandini Bakshi. She narrated a story to motivate them. She also guided them about their further studies. Many of them shared their experiences in the new schools. Then teachers told them about their various duties for Bhagwan's Birthday Celebrations and school's Annual Function. Refreshment was served and small token of gifts were given to all. Meeting ended with Shanti Path.

**4.4 'Heritage' Club Activity:** A workshop under the aegis of INTACH Heritage was held on 14th September 2022 at Guru Nanak Khalsa College Yamunanagar. Two teachers attended this workshop. It was a Knowledge Enrichment Workshop. Participants had the opportunity to gain in-depth knowledge about INTACH Heritage and its significance in preserving cultural and historical sites.

"Khana khazana" My Food Heritage competition was held on 30th January, 2023 at Delhi Public School, Yamunanagar in which 11 students of the school participated accompanied by two teachers. The participants wrote a note and made a poster based on a specific food heritage topic. Students showed their creativity and knowledge about the rich culinary traditions that have shaped our cultures.

### 4.5 Visitors and their remarks:

1. Sunil Kumar Phull (19-11-2022): "Live example of Baba's teachings. Flow of love. My best wishes to the entire team of management."
2. Gunjranjan P S from Hyderabad (13-03-2023): an alumnus of SSSIHL Puttaparthi, wrote, "It felt like I was at my Parthi school"

### 4.6 Sports:

The achievements of students in various sports disciplines over the year are tabulated below:

## “HEALTHY MIND IN A HEALTHY BODY”

The school provides infrastructure for developing sporting talent of the children. The basketball court and an accomplished coach have proved to be boons to the students to learn this beautiful game of physical endurance and skill. A huge ground for the games of cricket, football, hockey and athletics is available for the children.

The training session in progress

Separate sessions for boys and girls

### THE ACHIEVERS IN SPORTS FIELD

Himani is national level player in wrestling (U-15)

Simran and Priti are national level players who have played in U-17 National Women Football tournaments

**4.7 Veda Chanting:** Baba, who is the Veda Purusha, has educated us time and again on the supreme benefits of chanting Vedas. Every activity gets started with Vedic chants which leave the whole place charged with divine vibrations. In fact, “Veda Chanting” has become an integral part of His education system.

**4.8 School Health Programme:**

The health of each student is monitored by maintaining his/her health card. Besides regular medical/dental check-up and deworming of the school children twice in a year, all new admissions were immunised against Hepatitis B and MMR (Measles, Mumps and Rubella), thus achieving 100% immunisation in the school. The anaemic children are given oral iron on regular basis. Every student received Vitamin D and Calcium supplement on 95 days in the calendar year. The results of these health providing programmes are encouraging in terms of gain in height, alertness and mental ability of the students.

“**Sai Kitchen**” was commissioned in September 2012 for supplying freshly prepared, tasty and nourishing vegetable curry daily and with rice on alternate days, to all the students free of cost.

**4.9 Parthi Visit of Class 10<sup>th</sup>** (From 4th Jan to 14th Jan 2023)

With the blessings of Swami, our students of Class 10th visited Bhagwan's Abode in the month of January. Two trips were planned, separately for girls and boys, during the winter vacations. The accompanying teachers and the students were extremely happy and shared their wonderful experiences on return.

**4.10 Extending help:**

- Child adoption scheme: Any student who has either lost his/her father or whose mother has been deserted by her husband, was adopted under the “child adoption scheme” for the purpose of providing free books, uniform/shoes and board examination fees. This year, ten (10) such students had been adopted. Donors from U.K are adopting these children on regular basis.
- Providing books, shoes and vision correcting glasses on regular basis to all those students who cannot afford.
- Laptop computers: Till now, 14 (two this year) laptop computers have been gifted to deserving ex-students, pursuing professional careers.
- Career counselling: Regular meetings with these students are held. Such meetings provided the opportunity to counsel them on their problems encountered by them while pursuing higher studies and also to guide them for their future career. Logistic support is also given to these students in “online” filing of applications, seeking of results and guiding in admission process to various professional courses.
- Financial support was given to economically poor students to pursue their higher studies. Monika, Priyanka, Prerna and Shivani are receiving financial support for B.Sc (Nursing). Details are given on page 55.

## “No More Boring Walls “

Under this project, teachers and children are encouraged to paint the murals on the walls depicting IIEP (Insightful, Inspiring, Enjoyable, and Participative) principles. This activity brings out their creativity and devotional attitudes towards their work. Above pictures have been taken from the corridors and entry gate passage of the school.

## **The Teacher**

### **4.11 Teacher's training and their other activities:**

There has been emphasis to impart in-service training to school teachers under the philosophy of Sai Educare. The teachers are sent for various workshops/conferences whenever conducted by Sri Sathya Sai Vidya Vahini at Puttaparty and Institute of Sri Sathya Sai Education in Mumbai on regular basis.

The details of the activities under Sri Sathya Sai Vidya Vahini programme and Institute of Sathya Sai Education (Mumbai) are given on page 44 (Annexure-I).

The other teacher's related activities are, however, highlighted below:

### **05-09-2022 Teacher's Day Celebrations**

The Teacher's Day was celebrated with full zeal and enthusiasm. Dr. Sarvapalli Radhakrishnan idol was garlanded. Pupil Teachers performed their roles in a very disciplined manners and also gave their impressions. A small culture programme consists of Poems, Group Songs and speeches was presented in Morning Assembly. A wonderful video presentation by the students of X class was the attraction of the day. Refreshment was given to the students and the teachers as well. All the Teachers were given gifts as Bhagwan's prasadam.

As mentioned in the beginning, the third factor in the child personality development is the importance of the role of Parents. The school, not being a residential one, is heavily dependent on the home environment of the students for their proper upbringing. But, the home environment in rural India exposes the children to all sorts of social evils like drinking, gambling, use of abusive language, quarrelling with neighbours, loud music etc. Hence, there lies a challenge for the teachers to counter these evil forces surrounding the delicate and sensitive minds of the children. The parents are informed about the various activities/ meetings/special instructions /school closures etc through bulk SMS service in Hindi.

### **4.12 Parent-teacher meetings:**

Parenting Session (14-05-2022)

First parenting programme of the session was conducted on 14 May at 12:00 noon. Almost all the parents of the students attended the programme. The parents were given awareness regarding the health issues of the students, bad effects of

## SCHOOL HEALTH PROGRAMME

**“Sai Kitchen”** was commissioned in September 2012 to provide freshly prepared nutritious and tasty vegetable rice curry, prepared under the most hygienic conditions, for all the students during their Tiffin time free of cost.

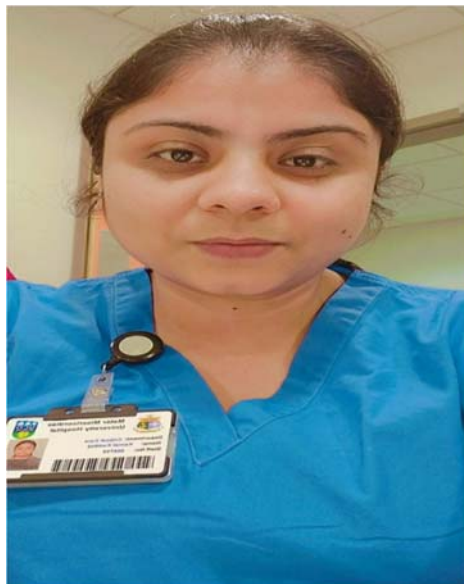

The impact of this activity, inspired by Sri Sathya Sai Baba, is positive on the health of the children. They are eating well with the availability of fresh and tasty vegetable curry with rice.

The other health caring programmes for the school include regular biannual medical/dental check-up, 100% immunization of all the students against Hepatitis B and MMR (Measles, Mumps and Rubella). The anaemic children are given oral iron on regular basis. The teachers are also covered for immunization against Hepatitis B and Iron + Calcium supplement

## SUCCESS STORIES OF ALUMNI SRI SATHYA SAI JAGRITI VIDYA MANDIR

Komal, B.Sc (Nursing) from Sri Sathya Sai Institute of Higher Medical Sciences, Bangluru is now gone to Dublin (Ireland) for higher training in critical care nursing.

After graduating out from Sai School Darwa in 2013, Miss Rama M.Sc (Physics) has joined her Alma mater SSSJVM as a Science teacher.

Sandeep is a Ceramic Engineer who is currently employed as Senior Officer in Production & Laboratory Dept of Umberto Ceramics International Pvt Ltd Prantii Guirat

Mrs Aroma, a product of Sri Sathya Sai Jagriti Vidya Mandir, has joined as Science teacher in her Alma Mater after passing her B.Sc

## HEALTH WING

- Regular OPD for 5 hours daily from Monday to Friday and 3 hours on Saturday, manned by 2 qualified and experienced doctors.
- 300 mA digital X-Ray machine, ECG machine and state of the art Laboratory facilities for routine laboratory investigations and full range of Physiotherapy equipment, manned by locally trained personnel.
- Regular Specialist clinics, once in fortnight for Internal Medicine and Dental patients run by qualified doctors. Daily Orthopedics and Gyne. Obst clinics.
- School Health Programme
- A “24X7” Ambulance service for the adopted population.
- Generic Medicine Drug store

### 5.1 The beneficiaries:

Two types of beneficiaries are attending the Out Patient Department for seeking free medical consultation. Their beneficiary status and entitlement are tabulated below:

The Class of Beneficiaries	Adopted	Non-Adopted
Constituents	3 villages: Darwa, Parvalon and Darwa Majri with Population: <b>3950</b>	Pts. From near & far off places of Punjab, Haryana, Himachal, U.P, Uttranchal, Rajashtan, Delhi
Consultation fees	Nil, no registration fees	Nil, no registration fees
Investigations: Laboratory & X-Rays	Free for all	*Subsidised for all *Totally Free to ½ free for Poor
Indoor treatment expenses	0 to 100% depending upon the Economic criteria	Self-financed

The hospital building houses the outdoor medical examination facilities with provision for X-Rays, laboratory, dispensary and a generic medicine drug store. Four beds are available for observation of the patients. The patient waiting area and a canteen also exists in the hospital premises.

Specialists' clinics: A state of the art Dental Chair has been installed to provide treatment to the dental patients. Besides the dental clinic, special clinics for "Internal Medicine" is also run in the evenings. Prior appointments are given to the patients for these clinics. Orthopaedics and Gynaecology - Obstetrics consultations are available on daily basis in the morning times. Emergency services are provided round the clock for adopted patients only. The serious patients are transported to hospitals/nursing homes in the nearby twin cities of Jagadhri/ Yamunanagar.

Looking at the difficulties faced by the patients coming from far off places to avail the token system, a new successful system of telephone booking of tokens has been introduced through a dedicated contact number.

## 5.2 Out Patient work:

The Outpatient starts at 8 am in the summers and 8.30 am in the winters with *Aunkaram* and Veda Chanting, followed by "*Sarva Dharma Prarathana*". The *Vibhuti Parsadam* is then distributed and the patients are made to sit comfortably, men and women separately. The patients are seen on first-come-first-serve basis using a digital token display system. The adopted patients, toddlers and senior citizens (>65 years of age) are given priority.

### OPD WORK LOAD DURING LAST THREE YEARS:

Year	Total OPD Pt	Specialist OPD Pts	Tb New Pt.	X-Rays	Lab Invest.	Emergency cases
2020-21	18623	9788	01	1625 (104, 6.4%)	2918 (308, 10.6%)	191
2021-22	17720	8996	01	2110 (120. 5.7%)	3417 (369,10.8%)	99
2022-23	18704	10128	01	3100 (180, 5.8%)	3652 (348,9.5%)	77

(Figures in parentheses are the numbers related to adopted patients).

Considering that there were 299 working OPD days during 2022-23, the average number of patients attending the OPD per day was 63, with percentage of adopted patients as 51.4% of the total OPD registration.

## HEALTH UNIT

Sadan has a humble “health Wing”, mainly the OPD, dealing all patients with love and compassion. The wing has earned a name for fair dealing and positive approach. Patients come for free consultation from far off places of UP, Utranchal, Haryana & Panjab. Popularly known as “Sai Baba Ka hasptal”. A large number of orthopaedic patients come for balanced opinion and treatment. The unit has a clinical laboratory manned by a senior lab technician, a 300-mA digital X-Ray Machine and state of the art Dental chair. There are four observation beds, but the patients requiring Indoor treatment are taken to Nursing Homes in Jagadhari /Yamuna Nagar. Ambulance service is available round the clock for this purpose. For the convenience of patients coming from far off places, telephone booking of token has been introduced

### 5.3 Anti-tubercular treatment:

Since the beginning in April 1993, a total of 152 patients (average: 05 per year) of tuberculosis (Pulmonary and extra Pulmonary) have been diagnosed in adopted population of Darwa village. The breakup of these cases is as follows:

- \*Healed and rehabilitated: 140      \*Recurrence: 04 (Treated subsequently)
- \*Died due to the problem: 06      \*Treatment discontinued by pts.: 01
- \* Active case under treatment: 01

While the incidence of Tuberculosis is on the rise all over India, the incidence in village Darwa has been on the decline. Thanks to persistence efforts to persuade the villagers to follow the standard hygienic habits and give up smoking.

Other chronic disease patients who are taking medicines on regular basis are: Hypertension -53, Diabetes Mellitus -10, Epilepsy- 05, Thyroid dysfunction -04.

### 5.4 Diagnostic Laboratory, ECG and X-Rays:

A state-of-the-art diagnostic facility has been created recently. The equipment was donated by "Round Table" India. It has been manned by a qualified Laboratory Technician to prepare hematology, bio-chemical and Urine analysis investigation reports. Samples for more sophisticated tests are sent to advance Laboratories at Chandigarh/Delhi. An ECG machine is also now available for the Outpatient. The 300mA X-Ray digital machine is having a backup of 25KVA generator as an alternative source of power. As per legal obligation, the Sadan Hospital and the X-Ray technician are registered with Atomic Energy Regulation Board for monitoring the X-Rays exposure to the technician.

### 5.5 Some facts about rural Health services:

- a) Common ailments: Contrary to the common belief, the rural women are found to be commonly suffering from Hysterical neurosis. Worst of all, the family members don't understand it and get exploited by unscrupulous nursing homes. Second common problem is Epilepsy due to Neuro-cysticercosis.
- b) The problem of alcoholism is taking a toll on the socio-economical milieu of poverty and undernourishment of family members, domestic violence etc. Death in young age due to chronic alcoholism is common. Illegal sale of liquor in the village is continuing in spite of several representations submitted to the authorities.
- c) The quacks ("doctors") are playing havoc with the psyche of the villagers. These "doctors" also work as touts for the nursing homes flourishing on illegal medical malpractice, resulting in unwarranted costly investigations and unwarranted operations such as appendectomies and hysterectomies etc.

## HEALTH UNIT - OTHER SERVICES

Generic Medicines drug store has been recently opened to provide low-cost medicines. It has been a boon to the patients.

The Health Unit has full set of routine Physiotherapy equipment like automatic traction machine, SWD, Wax bath, shoulder wheel etc.

There are 4 observation beds available in the health unit for care of the patients requiring short observations.

The ambulance service is available 24X7 for the adopted patients for shifting the patients to designated nursing homes in Jagdhari and Yamuna Nagar

### 5.6 The School Health Services: Kindly see health under “Education”.

Calcium + Vi D tablets are given to all the children of the school on regular basis. In all, a total of 22500 tablets (from class I<sup>ST</sup> to X<sup>th</sup>) + unspecified sachets of Vit D granules (for pre-school classes) were given during the year.

### 5.7 Indoor Patients:

As per policy, the patients from adopted villages requiring indoor treatment are admitted to various Hospital/Nursing Homes at Jagadhri/Yamuna Nagar for different problems. Besides, the financial help, these patients are given logistic support in the form of personal visits, arrangement of blood, food and transport. Financial help was given to deserving patients for their sophisticated costly laboratory investigations. A brief summary of these patients is given in Annexure-III (page 54).

### 5.8 Births and Deaths:

A regular record of births and deaths in village Darwa is kept meticulously (tabulated). The data of births has been useful for keeping the immunization record of all the newly born and also for admission to nursery class of Sri Sathya Sai Jagriti Vidya Mandir.

Year	Births	Death
2020-21	17	14
2021-22	10	08
2022-23	18	10

### 5.9 Feed Back Mechanism:

A team of doctor and volunteers visit the village every Tuesday and some of the Saturdays for interacting with the beneficiaries with the purpose of getting “feed-back” from them and for their counselling in the matter of health and the education of their children. This gives them the opportunity to update the family data in the Sadan records. The inputs from these visits help in making micro-adjustments in delivery system of the various service activities.

**5.10 Drug store :** The generic medicine drug store, supplying low cost generic medicines, has proved to be a big boon to the health activities.

**“When you go to hospitals to render service, actually you do not cure and serve others. You cure yourselves – your emotions, feelings and heart undergoes an unseen transformation. But that happens when you render service a worship”.**

**- Sai Baba**

## 6 Masala Production Centre

### 6.1 Masala production Centre:

*Masala* (spices) production centre was established in September 1994 with the following aims in mind:

1. To provide vocation to the rural women so that their economy is improved. Three women and a village boy have been employed in the *Masala* Centre.
2. To educate these working women in basic hygiene so as to improve their health.
3. To provide pure high-quality *masalas* (spices) to the society.

Strict control on quality is maintained at the point of purchasing of the raw materials and production. Each packing has a label, indicating the name of the *masala*, its date of manufacture, weight when packed and its cost. In case of any complaint, the material is replaced without asking any question.

The sale is promoted by the members in their social circles, both at Yamuna Nagar and Chandigarh. A sale counter has also been kept in the hospital section which attracts many visitors.

This year, the average monthly salary of ₹3072 has been disbursed to both the rural women for their labour working for an average of 2 hrs per day. This amounts to an average labour rate of ₹70.5/hr. A comparative data of *Masala* Centre progress over the last 3 years has been tabulated as follows:

Year	Total sale Of Masalas	Total Wages Disbursed	Women Employed	Average reflected Wages of a worker/hr	Average Wages of a worker/month (2 hours/day)
2020-21	₹ 5,91,967	₹87,008	03	₹51.18/hr	₹2415
2021-22	₹4,43,984	₹63,136	02	₹57.4/hr	₹2630
2022-23	₹4,66,684	₹73,718	02	₹ 70.5/hr	₹3072

With Govt. of India having the agenda of skilled personnel growth, we hope we will be able to take a big leap forward in this wing of the project in near future.

# JAGRITI LOK SEWA TRUST

(A UNIT OF SRI SATHYA SAI GRAMIN JAGRITI SEWA SADAN)

*Masala* (spices) production centre was established in September 1994 with the following aims in mind: 1. To provide vocation to the rural women so that their economy is improved. 2. To educate these working women in basic hygiene so as to improve their health. 3. To provide pure high quality "hand ground" *masalas* (spices)

The best raw materials of the *masalas* (spices) are procured from the market. The materials are cleaned, grounded and packed hygienically. There is a quality control at each step of the production. A solar drier is used to dry the raw material.

**6.2 Employment opportunity:** The various wings of the project are providing job opportunities to the adopted population. In the non-technical areas, the jobs are offered to economically weaker families of the adopted population, irrespective of caste or creed. But for the technical jobs, the applicants from the adopted villages are required to compete with others in a merit based open/transparent selection process.

Besides the two doctors working on voluntary basis, there are 44 regular paid jobs available in the project. Out of these total 44 jobs, 20 are occupied by the inhabitants of villagers. One village woman has been engaged to run the *Sadan* canteen.

All the employees are covered under ESIC and EPF schemes.

The details of villagers employed under in the different wings are given below:

Wing	Technical	Non-Technical	Total (Rural)*	Remarks
Education	*Teachers Including the Director and Headmistress 21 *Part time basketball coach=1	*Non-Teaching staff and Sai Kitchen sewikas = (06)	28(06)	Director of the school was putting up in the campus. She retired on 30 <sup>th</sup> June 2023.

Common Pool	Supervisor =1	Malee=(1) Chowkidar=(3) Canteen=(1)	6(5)	Supervisor from city
Total	29(5)	17(17)	46(22)	Out of total of 46 employees, 22 are occupied by villagers

*\*Figures given in parenthesis are pertaining to rural category*

*“Let new India arise out of the peasants’ cottage, grasping the plough; out of the fisherman, the cobbler and the sweeper. The peasant, the shoe-maker, the sweeper, and such other lower classes of India have much greater capacity for work and self-reliance than others. They have been silently working through long ages and producing the entire wealth of the land without a word of complaint”.*

## 7. SPIRITUAL PROGRAMMES

### Highlights:

- \* Celebrations of all the festivals and important cultural & heritage events to inculcate in the minds of beneficiaries the importance of ancient Indian culture and inter-religion fellowship, based on multi-pluralistic Indian society.
- \* *Sarva Dharam bhajan* sessions on Sundays, Thursdays and all festivals. *Suprabhatam* and *Nagar Sankirtan* on every Sunday and festival, Narayan Sewa on the last Sunday of the month.

The spiritual programmes are the back-bone of the whole project and a source of inspiration for the volunteers to bring in a change in themselves (self-evolution) and then to bring in a change in the society. Besides inculcating the 5D's (Duty, Discipline, Devotion Determination and Discrimination) in the children, these spiritual programmes are bringing subtle changes in the life style of the people attached to the project in various capacities.

The gains are wonderful. The darkness of "ego" of the volunteers is gradually being removed by the effulgence of sprouting "Love" in their hearts. One does hear now and then, the comments on feelings of better control of emotions, hatred and jealousy towards others.

We pray to Bhagawan Sri Sathya Sai Baba to restore the old enthusiasm in the hearts of our worthy members so that they participate in these programmes more vigorously to enjoy the bliss of taking a dip in the Ganges - the ocean of love, flowing at our doorsteps.

## 8. FUTURE PLANNING

Bhagawan Sri Sathya Sai Baba had told a group of society members in an Interview that the evolution of this project is directly proportionate to the individual evolution of the workers working in His mission.

### **"Project Evolution α Personal evolution of the workers"- Baba**

Nevertheless, the society places following future plan at the LOTUS FEET for bestowing His blessings and loving Grace.

- Construction of Girl's Hostel
- Skill development center
- Up gradation of school to senior secondary (10+2) level

Important decision: The Governing body of the society has taken a bold decision to declare the school as Girls school with effect from 1<sup>st</sup> April 2024 with co-education up to 5<sup>th</sup> Class only.

## **10. ACKNOWLEDGEMENTS**

First and foremost, the members of the society, most humbly, surrender at the Lotus Feet of Bhagawan Sri Sathya Sai Baba and convey their sincere thanks and gratitude to the loving Lord for His gift of Sri Sathya Sai Gramin Jagriti to this part of the country, thus giving all of us an opportunity to evolve ourselves by working in His mission. Thank you, Swami!

Next, the beneficiaries, the rural population of Darwa, Darwa Majri and Parwalon villages and many patients/students coming from far off and near places, deserve our sincere thanks for giving us the opportunity of serving them. We pray to Swami to pardon our shortcomings in discharging our duties and to help us to improve ourselves in our day to day working.

We feel specially obliged to CA Ravinder Agarwal and his team for auditing the accounts of the society and preparing the income/expenditure reports and signing the audit report without charging any fees.

The following institutions/persons have been helping the society selflessly in carrying out the various activities:

M/S Sita Ram Jindal Foundation (New Delhi) is contributing regularly for the project. Our gratitude and thanks are due to this highly esteemed organisation.

Balraj Gupta foundation has been contributing to create/upgrade the various infrastructures, like the independent generator set, solar power plant, extension of Balraj Gupta Assembly Hall etc., in the school on regular basis. We appreciate and convey our sincere thanks to the management of Balraj Gupta foundation.

Benny & Hardip Sandhu, Saiba Sandhu, Susan Dhindsa, Sameera Mavi, Balraj Mavi, Anita Sharma, Sukhjinder sidhu, Bishan Mavi, Manjit Pawar, Dr Dhody, Veena Bhambra, Dr D Bhugra, Om yogiz and Anita Wadhawan are regular donors from UK. The society appreciates their act of charity. Some of them have adopted economically weaker children of our school. God bless them all! Interestingly, Dr Dinesh, Professor Emeritus of Psychiatry in Kings Medical College London (UK) belongs to Yamuna Nagar. Ms Anita Wadhawan contributes to the funds of Sai Jagriti regularly in everlasting memory of her departed mother. Mr J.S.Tur, Mrs Malti Loomba and her daughter Miss Samita Loomba from USA and Mr Rajeev Goswami from Singapore are the regular overseas donors. We are grateful for their support.

Dr. Arun Gupta and Dr. AVS Ravi helped us in treating our Paediatric patients and monitoring the health of our school students by screening them clinically in the school biannually, coinciding with Eshwamma Day and Baba's birthday. Dr Parveen Garg deserves our special thanks for sparing much of his valuable time from his very busy schedule to offer free medical consultation fortnightly on Tuesdays in the afternoon session. Dr. Romesh Aggarwal was available for Dental clinic in the Sadan round the year. He carried out regular dental health check-up of all the students in the school twice in a year. Thank you doctors!

We are grateful to M/S Kamal Encon Industries (KEI) Limited Yamuna Nagar and M/S Polyplastic (I) Pvt Ltd Yamuna Nagar for their logistic support 24X7. From KEI, Shri Ajay Kumar was our trouble shooter for software and net connectivity problems. CA Shri Sudhir Gupta and Shri Sukhvinder Singh maintained the account books of the society meticulously. Shri Raman Kumar looked after the ESIC and EPF accounts of the society. Shri Rishi Pal was the electrician available for fault repair in Generator system etc.

A team from M/S Polyplastics (I) Pvt. Ltd. provided regular maintenance services of the infra structure of the Sadan. Shri Ashok Kakkar was very sincere in electricity faults repair jobs whole heartedly and the two carpenters, Shri Ram Nath & Shri Rajbeer handled the carpentry maintenance work in the project relentlessly. All these gentlemen deserve our deep appreciation. Shri Manoj Kumar driver of Mrs Urmil Gupta was very helpful in doing odd jobs during his daily visits to Sadan.

Besides this, there is a long list of regular contributors inspired by Bhagawan Baba who are contributing generously to the funds of the society. The society feels indebted to each one of them. It would not have been possible to run the activities of the society without their selfless help. Even the prayer of many well-wishers is helping the mission to grow (at subtle level) vertically and horizontally.

Our special thanks to Mrs Himani Sharma, Headmistress of Sri Sathya Sai Jagriti Vidya Mandir for proof reading the draft meticulously.

Last but not the least, we are grateful to all those who are critical and sceptical of our work in Sai mission. It is because of them that we have been improving our services delivery systems and making our convictions stronger day by day.

“The END is not the end. In fact, E.N.D means Efforts Never Die”
